AN extra clinic to immunize Pickaway Countians of almost all ages against Swine Flu has been ordered by the Pickaway County Board of Health...

Chief Public Health Nurse Linda Davis said the all-day clinic will be Monday from 8 a.m. to 7 p.m. at the offices of the Pickaway County Health Department, 705 S. Court St. ...

Serum will be available for youngsters from 3 to 17, adults from 18 to 59, and persons 60 and over ... The clinic is free.

A SPECIAL story hour for two and three year old children will be held 11 a.m. Wednesday at Pickaway County Public Library ... The children must be accompanied by a parent or other adult.

MONDAY'S night rain in no way dampened the twenty-first annual Circleville Kiwanis Charity Newsie Sale ... Again, thanks to the generosity of the people of Circleville, the goal for this year was achieved ...

Walter Hall, chairman of the Kiwanis Newsie, gave a special thanks to all Kiwanians, their families and friends, along with the Key Club, SOS, CAP, and Swim Team members who helped deliver the paper ...

Funds derived from this project are used in community activities in which Kiwanis is active.

Guerrillas Await Action By Israel

BEIRUT, Lebanon (AP) — Palestinian leaders ordered their guerrillas on a maximum war alert along the Lebanese-Israeli border today, charging that Israeli forces were preparing to invade southern Lebanon by land and sea.

A spokesman for the Palestinian high command in Beirut said joint forces of guerrillas and leftist Lebanese Moslems were deployed at strategic positions along a 30-mile stretch of the Lebanese coast north of the Israeli frontier.

Guerrillas and Christians reported their forces locked in artillery duels just north of the border for the second day. Palestinian spokesmen charged that Israeli artillery was supporting the Christians.

The fighting forced United Nations truce observers to abandon some border observation outposts.

A security spokesman in Beirut said at least one villager was killed and seven were wounded. A Palestinian statement claimed that "many civilians died under the rubble of their demolished homes."

There was no immediate comment from Israel on the Palestinian claims. Israel has said repeatedly that it would not permit the guerrillas to return to the bases in southern Lebanon from which they raided northern Israel before the Lebanese civil war. But Christian forces with Israeli support have driven the Palestinians from most of their bases in the frontier region, and they have not been able to recover them.

Israel also has said it would not countenance an advance by Syrian peacekeeping troops into southern-most Lebanon to end the shooting between the Christians and Palestinians.

Aussies Studying Ohio Program

COLUMBUS, Ohio (AP) — Western Australia is looking at Ohio as a model for its government program to protect high quality rivers and streams.

A spokesman for the Ohio Department of Natural Resources said the Western Australia Amateur Canoe Association is attempting to pass a scenic rivers program similar to Ohio's.

The spokesman said the U.S. Department of Interior recommended the Ohio program as a model. Ohio leads the nation with a total of eight rivers in the state system and two rivers in the national wild and scenic river system.

Courts Curbed On Integration

WASHINGTON (AP) — The Supreme Court, in a decision that could drastically affect the pace and scope of school integration in major cities across the nation, has pulled the reins in on federal courts hearing such cases.

Remedies for public school segregation cannot go beyond any limited action that would cure the specific constitutional violation, the court said Monday as it criticized the school busing plan in Austin, Tex.

The high court struck down an order of the 5th Circuit Court of Appeals designed to desegregate Austin schools by busing up to 25,000 students. It told the lower court to devise a more limited plan to integrate blacks, Mexican-Americans and other whites in schools there.

"The remedy ordered appears to exceed that necessary to eliminate the effect of any official acts or omissions," Justice Lewis F. Powell Jr. said in an opinion that spoke also

for Chief Justice Warren E. Burger and Justice William H. Rehnquist.

Four justices gave no indication of how they voted, but at least two of them had to join in Powell's opinion to form a minimum court majority. Justices William J. Brennan Jr. and Thurgood Marshall dissented and said the lower court's sweeping order was justified.

Powell said that "large-scale busing is permissible only where the evidence supports a finding that the extent of integration sought to be achieved by busing would have existed had the

school authorities fulfilled their constitutional obligations in the past."

He said school officials cannot be held responsible for racial imbalances caused by a city's residential patterns.

Such a view could carry great significance for school officials in cities such as Wilmington, Del., Indianapolis and Dayton, Ohio, where forced busing orders are being fought, and in cities such as Louisville, Ky., where officials begrudgingly have complied with such an order.

The high court's decision should please President Ford, who earlier this year asked the Justice Department to

search out school desegregation cases in which forced busing could be challenged.

The Justice Department, in a friend-of-the-court brief in the Austin case, said the lower court's finding of "extensive intentional discrimination against Mexican-Americans" should be upheld.

However, government attorneys suggested that the case could be useful for the high court to "clarify the governing legal standards" in other school desegregation cases.

"The desegregation that courts are both empowered and obligated to

accomplish is not the elimination of all of the racial separation without regard to its causes," the government had argued. "The existence of schools predominantly attended by members of one race does not in itself amount to racial discrimination."

Justice Powell agreed, saying the lower court could find that no remedy is needed in light of a Supreme Court decision last June that governmental policies which unintentionally discriminate against minorities are not illegal. There must be evidence of intent to discriminate, the court ruled then.

Rhodes Inks Pay Hike, Bingo Bills

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes signed into law Monday two immediately effective emergency measures granting pay raises to elected officials in all 88 Ohio counties and expanding Ohio's charitable bingo law.

The raises will not take effect until

after sheriffs, commissioners, treasurers, recorders, coroners, prosecutors, and others covered in the measure are sworn in for new terms in January.

Ohio's constitution prohibits officials from receiving pay hikes during their elected terms. In other words, they either had to be re-elected or elected for the first time Nov. 2 to qualify.

The hikes average about 35 per cent statewide although many are much larger, due in part to a salary reclassification that sought to improve the plight of many officials in medium and smaller counties.

For most, this will be their first increase in eight years.

Also signed by Rhodes was a bill that expands Ohio's charitable bingo law to permit the operation of games by certain veterans groups and others excluded from an earlier 1977 measure. The earlier bill implemented a 1975 constitutional amendment in which voters gave their permission for bingo games that raise money for charity,

under regulation by the attorney general.

Rhodes signed the two measures the same day he received them from the legislature. Both had been finally approved by the Senate and House at a oneday session last Nov. 9. A printers' strike in Columbus caused the month's delay.

County officials in Ohio are paid on the basis of county populations.

The bill embodies a sweeping revision in population pay brackets, reducing them from 35 to 14, and generally tend to make salaries more equitable among counties which demand workloads for officials of approximately the same size, sponsors said.

Under the bill, the pay brackets begin with Step 1 (counties with populations 20,000 and under) and go up to Step 14 (1 million and more—actually Cuyahoga only).

Some of the boosts are drastic, such as prosecutors in Step 1 counties—such as Vinton—who get a raise from \$6,100

a year to \$20,000 or 211 per cent.

In a county such as Greene, in Step 9, with a 1970 population of 125,057, the increases would be as follows: treasurer, \$17,500 to \$22,250; sheriff, \$14,700 to \$22,750; clerk of courts, \$17,300 to \$22,250; county commissioner, \$12,900 to \$18,500; recorder, \$14,700 to \$20,000; engineer, \$19,500 to \$26,500, and prosecutor, \$16,500 to \$27,000.

In a smaller county such as Union, Step 3, they would be: treasurer, \$8,600 to \$12,000; sheriff, \$8,900 to \$13,000; clerk of courts, \$9,000 to \$12,000; county commissioner, \$5,700 to \$8,400; recorder, \$8,800 to \$11,500; engineer, \$15,200 to \$19,000, and prosecutor, \$7,600 to \$20,000.

In the biggest county, Cuyahoga, the treasurer would get an increase from \$24,500 to \$29,500, the sheriff from \$23,000 to \$28,500; clerk of courts from \$23,100 to \$28,400; county commissioner, \$22,000 to \$27,000; recorder, \$22,700 to \$27,000; engineer \$25,900 to \$31,500, and prosecutor, \$25,900 to \$32,600.

China Seen Likely To Veto Waldheim U.N. Re-Election

UNITED NATIONS, N.Y. (AP) — A sizable majority of Security Council members was slated to vote for the re-election of Kurt Waldheim as secretary-general of the United Nations today, but China was expected to veto him on the first ballot at least.

It was not known, however, whether on subsequent ballots the Chinese delegate would continue to block the former Austrian foreign minister for a second five-year term.

The Chinese vote was reported going to former President Luis Echeverria of Mexico, because the Chinese want a secretary-general from the Third World. But he reportedly had no more than three of the nine votes required to recommend his election by the General Assembly, those of China, Panama and perhaps Guyana. The other 12 members of the council, in-

cluding the United States and the Soviet Union, were reported in favor of Waldheim.

Approval by the council is tantamount to election, since the assembly always accepts the council's recommendation.

The Chinese were understood to be casting about for a compromise candidate from the Third World. Ambassador Hamilton Shirley Amerasinghe of Sri Lanka, president of the U.N. General Assembly, and Javier Perez de Cuellar of Peru, Waldheim's special representative in Cyprus, were reported under consideration.

Amerasinghe has said he would become a candidate if the council could not agree on anybody else and if it recommended him unanimously without a vote. He was being urged to let his name be put before the council without conditions, and there was talk that some council member might nominate him from the floor.

Carlos Ortiz de Rozas, Argentina's ambassador to the United Nations, has shown some interest in trying again for the post he sought unsuccessfully in 1971, when Waldheim was elected. But it was believed the Soviet Union would veto him again as it did in 1971.

The council hoped to finish voting today, repeating ballots until a decision was reached.

Those members of the council having veto power are China, the Soviet Union, the United States, Britain and France. Other members are Benin, Libya, Tanzania, Japan, Pakistan, Guyana, Panama, Italy, Sweden and Romania.

UNITED NATIONS, N.Y. (AP) — Kurt Waldheim was re-elected secretary-general of the United Nations today.

The vote for the 57-year-old Austrian was 14-0 with one abstention.

Waldheim was re-elected by the 15-nation council on the second ballot.

On the first ballot, he was vetoed by the Chinese who cast their vote for a Third World candidate, Luis Echeverria, former Mexican president.

Watch Ingress, Egress Routes

SEATTLE (AP) — If it snows heavily, federal officials should use a "four-sided matrix" and "monitor the condition of ingress and egress routes," urges the Army Corps of Engineers.

That way, a "decision group," working with "data" from "four information providers," can "execute" their determination.

Simply put, this means that any of six federal administrators will call to see if snow has made the roads hazardous. If so, officials will ask radio stations to tell federal employees to stay home.

Corps Col. John Terpstra said he devised the plan to bring uniformity to decisions about whether the 3,000 federal workers would report to 135 offices in the Seattle area.

General Services Administration regional chief David Head said he is satisfied with the plan, "except now that we're ready for it, it's not going to snow."

OUT BY CHRISTMAS — Employees of the George Igel Construction Company are trying to work their way out of the Scioto River by Christmas, completing yet another step in the construction of Circleville's Waste

Water Treatment plant. Next will come the tedious task of boring under railroad tracks to allow the city's sewage to flow by gravity to the plant.

Big City Workers' Wages Good

WASHINGTON (AP) — Employees of the nation's 24 biggest cities are paid salaries comparable to those in private industry, a recent government study says, with government clerical workers earning more and skilled trades workers less than the private industry average.

No single city is the consistent pay leader in the wide range of employee categories, but Los Angeles, Chicago and Milwaukee were near the top in two functions.

"Lowest pay was generally reported for Indianapolis, Jacksonville, Fla., and New Orleans," according to the study by the U.S. Bureau of Labor Statistics.

The bureau reported that "pay tended to be highest in Northeastern and Western cities and lowest in the South."

The study, involving wages paid between August 1974 and August 1975, compared city and private industry salaries in cities with more than 500,000 population. Bureau analyst Richard Keller said the study did not deal with such factors as working conditions or job security.

"Job security sometimes makes city work more attractive than private employment," said Keller. "Economic changes usually effect private industry before the impact hits the city (government)."

Clerical workers in 14 cities were

drawing higher pay than their counterparts in local private industry, the study showed, with municipal workers in Columbus, Ohio; Milwaukee, Los Angeles and Philadelphia taking home at least 15 per cent more.

Houston exemplified one of the dangers of generalizing — the city's senior stenographers made 14 per cent less than the local private industry average, while accounting clerks earned 22 per cent more.

Skilled city workers, including painters, carpenters and electricians,

earned less than in private industry in 14 cities. In Atlanta, Indianapolis, Jacksonville, Kansas City, New Orleans and St. Louis, pay levels were more than 10 per cent lower, said the study.

In seven cities where wages were based on construction rates, city skilled maintenance workers made substantially more than their private industry counterparts. This was true in Chicago, Cleveland, Memphis, Los Angeles, Milwaukee, New York and San Francisco, the report said.

In comparing the cities to one another, "none emerged as the pay leader among clerical, skilled maintenance, public safety, sanitation and janitorial workers," said the study.

"Los Angeles, Milwaukee, Philadelphia and San Francisco topped the clerical pay list, but Cleveland led in skilled maintenance pay by a large margin."

"New York, Los Angeles and San Francisco had the highest pay for public safety workers (mainly police officers and fire fighters); Chicago for sanitation workers, and Milwaukee and Chicago for janitorial workers," said the report.

Differences reflect factors such as the local labor markets, needs and complexities of the cities, tax structures and financial ability, and the power of individual bargaining units, the report said.

Markets

NEW YORK (AP) — The stock market swept ahead today, continuing Monday's rally.

The Dow Jones average of 30 industrial stocks rose more than 2 points in the early going. Gainers took a 2-1 lead over losers among New York Stock Exchange-listed issues.

Trading was very active.

Brokers said the market was still moving on the widespread belief that the incoming Carter administration would propose a tax cut if the economy doesn't begin to pick up momentum on its own.

Southern Co. topped the active list, up 1/4 at 16 in a 126,500-share block trade.

On Monday the Dow Jones average jumped 11.22 to 961.77, its highest close since the election victory of Jimmy Carter.

Advances outnumbered declines by more than a 3-1 spread on the NYSE, and the exchange's composite index added .44 to 55.64.

Big Board volume reached a 2 1/2-month high of 24.83 million shares.

At the American Stock Exchange, the market value index was up .82 at 100.97.

Mistrial Declared In Mandel Case

BALTIMORE (AP)—A mistrial was declared today in the political corruption trial of Maryland Gov. Marvin Mandel and four co-defendants on the grounds of publicity interfering with the sequestered jury.

U.S. District Judge John H. Pratt said he granted the defense motion reluctantly but was convinced that events following the disclosure last Friday of two alleged juror fix attempts had made it virtually impossible for Mandel and the others to get a fair trial.

Pratt said that even though the jurors and alternates were locked up before the two alleged juror tampering attempts were disclosed, these procedures were apparently inadequate.

Pratt said the U.S. Marshals Office, which is responsible for keeping the jury protected from outside influences, was seriously understaffed. The judge said he thought there was a distinct probability that more jurors would be exposed if the 90-day-old trial continued for the additional five-six weeks it had been expected to run.

Defense attorneys for the five defendants requested the mistrial on Monday after it was disclosed that six jurors had seen a television news report on the alleged jury tampering.

A 67-year-old Baltimore furniture salesman, Walter Weikers, was charged with jury tampering. At a

hearing Monday, his \$400,000 bail was cut to \$100,000.

The charge against Weikers was disclosed last Friday. At the same time the government revealed that Charles E. Neiswender of Cincinnati, N.J., admitted that he had been hired to plant a story that the 90-day-old trial was fixed — a move aimed at forcing a mistrial.

The jury was sequestered Wednesday night after Pratt dismissed Oscar Sislen from the panel because he allegedly was offered a bribe last Tuesday to hold out for a verdict of innocent.

On Friday, two alternates were dismissed after telling Pratt they had learned of the purported bribe attempt. This left 12 jurors and two alternates, 11 after Pratt granted a government request to drop the charge. Members of the U.S. attorney's office said, however, the case is not closed.

Mandel and co-defendants W. Dale Hess, Ernest N. Cory Jr. and brothers William A. and Harry W. Rodgers III are accused of participating in a scheme through which Mandel received gifts and business interests in return for alleged efforts to get the 1972 General Assembly to legislate benefits for Marlboro Race Track, which the others secretly purchased on Dec. 31, 1971.

Ruling On Air Bags Draws Praise, Ire

DETROIT (AP) — The federal government's decision not to require air bags in new cars has drawn praise from the nation's biggest auto companies and criticism from their long-time critic Ralph Nader.

An auto insurance official said the decision was unlikely to have much impact on insurance rates.

Transportation Secretary William T. Coleman Jr. announced Monday that passive restraint devices — of which air bags are the best known — would not be mandatory until the 1981 model year at the earliest.

He said he was sure air bags could save lives and prevent injuries, but because of "public opposition," he was proposing instead a demonstration program involving a half million 1979 and 1980 models.

Air bags are inflatable cushions hidden inside the dashboard or steering wheel. They inflate in less than one twenty-fifth of a second to cushion the occupants when sensors at the front of the car detect a collision.

General Motors Corp., Ford Motor Co. and Chrysler Corp. said they agreed that any air bag requirements should be put off for further testing, but they expressed reservations about the cost and effectiveness of Coleman's proposed demonstration.

"We concur with Secretary Coleman's conclusion that the air bag needs further testing," a Chrysler spokesman said. "Unlike safety belts, whose life saving ability is thoroughly established, air bag performance in real-life crashes remains an unknown quantity."

But Nader, a specialist in auto

safety, said Coleman's announcement "will doom thousands of Americans to needless death and injury on the highway." He said it "may make the auto industry happy but it is one which will go down in the history of auto safety as a massive act of irresponsibility."

Nader said he will ask whoever President-elect Carter picks as his secretary of transportation to reverse the decision.

Coleman said he would meet with the auto companies during the week of Dec. 20 to discuss his demonstration program. He said that if the manufacturers refused to participate, he would recommend some action to Congress by Jan. 5, but he did not specify what that might be.

Under Coleman's proposal, two auto makers would install air bags or other passive devices on 250,000 cars of varying sizes in each of the two years. He said the air bags would be sold at less than \$100 for front seat protection and less than \$50 for driver-only protection. Those figures match the government's estimate of what the devices would cost if all cars were equipped.

Coleman said that in view of recent auto profits, he expected the companies to absorb any cost over the government figures. He predicted the difference would total \$48 million.

Herbert L. Misch, a Ford vice president, said his company had estimated the cost of a front-seat air bag at \$235. "There will clearly be some difficult problems to be resolved including questions of timing, engineering, marketing and cost," he said.

Alaska Pipeline Has Last Pipe Laid

ANCHORAGE, Alaska (AP) — Working in six feet of snow on steep terrain, workers won a race against winter to lay the last pipe for the \$8 billion, 800-mile trans-Alaska pipeline — less than two years after pipelaying began.

"It feels great. It was really nip-and-tuck whether we would get the pipe in" on 2,800-foot high Thompson Pass, Lou Cancelmi, Alyeska Pipeline Service Co. spokesman, said Monday.

He said the pass route, which plunges from about 2,800 feet to 1,000 feet over a horizontal distance of less than 4,000 feet, is "so steep a man can't stand up straight without tying on to a winch."

A sort of ski lift was used to get material to the site in time to finish work over the weekend, hours before a major snowstorm hit south-central Alaska, he said.

Much work remains on the project, which employed 20,000 workers at its peak and has often been called the biggest private construction job ever. Some pipe sections must still be welded together before the line forms one continuous length.

When work resumes next spring, 160 miles of pipe will be pressure-tested. The work schedule also includes rewelding fewer than 40 potentially defective welds.

Even if the pipeline is finished on schedule in June 1977, it is uncertain where the oil will go. The Federal Energy Administration says West Coast ports probably won't be ready to accept Alaskan crude oil for at least a couple of years.

The oil could be sent to Japan in a swap that would send Middle Eastern oil to the Atlantic states, but that would be contrary to federal law and the nation's energy independence goals. Another alternative is shipping the oil through the Panama Canal to the Gulf of Mexico or the Atlantic.

Workers began laying pipe in March 1975, a year after construction had begun on the pipeline haul road. The final installation site was 20 miles northeast of the pipeline port of Valdez in the southernmost section of the line. The low-temperature steel pipe had been ordered from Japan in 1969.

Originally, the project was to cost less than \$1 billion. The current cost estimate is about \$8 billion and at least three government agencies are investigating overruns.

Formal dedication of the line will occur in Valdez in September.

Carter In Atlanta For Interviews

PLAINS, Ga. (AP) — President-elect Carter is making the first of a series of trips to Atlanta to interview prospective cabinet members in the privacy of the governor's mansion he once occupied.

Carter told reporters he would be conducting such interviews in Atlanta today and Wednesday and plans to continue them when he visits Washington on Thursday and Friday. Aides later said they expect Carter to return to Atlanta "more than once" to meet personally with candidates for cabinet-level positions.

Reporters were forewarned they would be kept outside the grounds of the Georgia governor's mansion today, and Carter indicated the names of some visitors might be kept secret, at least for a while.

Carter held an impromptu news conference Monday outside the Plains polling place where hometown residents voted 90 to 71 to re-elect Mayor A. L. Blanton rather than turn over the town government to Billy Carter, the President-elect's younger brother.

The President-elect conceded there would be a lot of "guessing games" about his high level appointees, despite efforts to keep secret the names of those under consideration.

Later, he said, "as soon as I decide on any person for sure about a cabinet appointment, I intend to go ahead and make that announcement."

Carter said such announcements will take "much responsibility off my shoulders," because the persons he selects must immediately begin accepting much of the responsibility for planning administration policies in the areas they will oversee.

After a mid-morning flight to Atlanta aboard a two-engine propeller plane, Carter had a date with a dentist to get a cavity filled before beginning nearly seven hours of private meetings.

Vice President-elect Walter F. Mondale was to participate in the sessions.

After voting in the mayor's race on Monday, Carter said he was "deliberately keeping my mind open" about a possible economy-stimulating tax cut early in 1977.

"I have advisers who are leaning in all different directions," he said. But he said his decision will wait "until around the first of the year when we get as many economic indicator reports as we can."

Thieves Take Wheel Covers

Circleville Police received a report of grand theft at approximately 3:15 p.m. Monday.

According to the report, Norma G. Graham, an employee of Don Thompson Lincoln-Mercury, 1350 N. Court St., told police that thieves took four wire wheel covers from a Ford Elite that was parked on the front lot of Don Thompson's.

The wheel covers were valued at \$175. Ptl. Rob Galer investigated the incident.

Reed Elected Chancellor Commander

Paul Reed was elected Chancellor Commander of Philos Lodge 64, Knights of Pythias, at the regular Monday meeting.

Outgoing Chancellor Commander James Denman presided at the business meeting.

Other officers for 1977 are: Ray Beery, Vice Chancellor; Charles Winter, Prelate; James Denman, Master of Work; O. E. Barr, Secretary; Raymond Reichelderfer, Financial Secretary; Fred Howell, Treasurer; Kenneth Rittinger, Master of Arms; Darrell Ratliff, Inner Guard; Larry Lane, Outer Guard; Doyle Spangler, Trustee; Ray Beery, Pianist; Fred Howell, representative to Grand Lodge Convention; Tracy DeLong, alternate.

Installation of 1977 officers will be Jan. 10 by officers of the Grand Lodge.

Liquor Applications, Transfers

Ohio Department of Liquor Control Director Clifford E. Reich announced today that applications for new liquor permits and transfers of location or ownership are now being processed by the department.

"The applicant and intended premises are investigated carefully before any decision is made regarding the issuance or denial of a permit," the director explained. "The usual time for the processing of an application is about 45 days."

The department releases the names of persons applying for permits to the news media and to municipal and county officials for the purpose of obtaining all information pertinent to the application.

"We hope that persons who have objections to permits under consideration will inform the department immediately," Reich said. "We base our judgement to issue or deny on the quota of permits allowed in the area according to population and the findings of our investigations. If the applicant is qualified and there is an opening, we are required by law to issue the permit," the director concluded.

In Pickaway County, a new permit has been applied for by Pickaway Gardens, Inc., 25060 Monticello Street, in Pickaway Twp.

The application filed for is a C1, which would permit the sale of 3.2 per cent beer for carry out. The application was filed on Nov. 22, 1976.

In permit transfer applications, the Darby Tavern, Inc., 8282 Harrisburg Pike, in Darby Twp., seeks to transfer its license to Glento Inc., 8282 Harrisburg Pike. The permit is a D1, D2, and D3. D1 is for the sale of 3.2 per cent beer for on premises consumption and carry-out. D2 permits the sale of high powered beer and wine for on premises consumption and carry-out. D3 is a restaurant permit, and permits the sale of wine or spirituous liquor by the glass until 1 a.m. The transfer application was filed on Dec. 3, 1976.

Railroad Track Laid At Fairgrounds

Saturday morning workers from the Sturm and Dillard Co. laid the track at the Pickaway County Fairgrounds in preparation for the relocation of the steam locomotive donated to Pickaway County by the gravel firm.

The Circleville Jaycees in charge of the relocation are asking for donations of time, money or materials to erect 180 feet of 8-foot high chain link fence to enclose and protect the old locomotive which was used for many years at the gravel plant.

Persons wishing to contribute in some way to the project may contact Bob Conley, Lou McFarland or Steve Barthelmas.

Mistrial Declared In Mandel Case

NEW YORK (AP) — The stock market swept ahead today, continuing Monday's rally.

The Dow Jones average of 30 industrial stocks rose more than 2 points in the early going. Gainers took a 2-1 lead over losers among New York Stock Exchange-listed issues.

Trading was very active.

Brokers said the market was still moving on the widespread belief that the incoming Carter administration would propose a tax cut if the economy doesn't begin to pick up momentum on its own.

Southern Co. topped the active list, up 1/8 at 16 in a 126,500-share block trade.

On Monday the Dow Jones average jumped 11.22 to 961.77, its highest close since the election victory of Jimmy Carter.

Advances outnumbered declines by more than a 3-1 spread on the NYSE, and the exchange's composite index added .44 to 55.64.

Big Board volume reached a 2½-month high of 24.83 million shares.

At the American Stock Exchange, the market value index was up .82 at 100.97.

Herbert L. Misch, a Ford vice president, said his company had estimated the cost of a front-seat air bag at \$235. "There will clearly be some difficult problems to be resolved including questions of timing, engineering, marketing and cost," he said.

Alaska Pipeline Has Last Pipe Laid

ANCHORAGE, Alaska (AP) — Working in six feet of snow on steep terrain, workers won a race against winter to lay the last pipe for the \$8 billion, 800-mile trans-Alaska pipeline — less than two years after pipelaying began.

"It feels great. It was really nip-and-tuck whether we would get the pipe in" on 2,800-foot high Thompson Pass, Lou Cancelmi, Alyeska Pipeline Service Co. spokesman, said Monday.

He said the pass route, which plunges from about 2,800 feet to 1,000 feet over a horizontal distance of less than 4,000 feet, is "so steep a man can't stand up straight without tying on to a winch."

A sort of ski lift was used to get material to the site in time to finish work over the weekend, hours before a major snowstorm hit south-central Alaska, he said.

Much work remains on the project, which employed 20,000 workers at its peak and has often been called the biggest private construction job ever. Some pipe sections must still be welded together before the line forms one continuous length.

When work resumes next spring, 160 miles of pipe will be pressure-tested. The work schedule also includes welding fewer than 40 potentially defective welds.

Even if the pipeline is finished on schedule in June 1977, it is uncertain where the oil will go. The Federal Energy Administration says West Coast ports probably won't be ready to accept Alaskan crude oil for at least a couple of years.

The oil could be sent to Japan in a swap that would send Middle Eastern oil to the Atlantic states, but that would be contrary to federal law and the nation's energy independence goals.

Another alternative is shipping the oil through the Panama Canal to the Gulf of Mexico or the Atlantic.

Workers began laying pipe in March 1975, a year after construction had begun on the pipeline haul road. The final installation site was 20 miles northeast of the pipeline port of Valdez in the southernmost section of the line. The low-temperature steel pipe had been ordered from Japan in 1969.

Originally, the project was to cost less than \$1 billion. The current cost estimate is about \$8 billion and at least three government agencies are investigating overruns.

Formal dedication of the line will occur in Valdez in September.

BANK OPENING — The Ashville Branch of the Equitable Federal Savings and Loan had its ribbon-cutting and grand opening Monday. Present were, from the left, Lou Deal, a bank employee; Charles Morrison, Ashville councilman; Max Cormany, mayor of the village; Michele Little, branch manager; Nolo Gulick, a councilman; and Charles Heister, president of the banking association. Hours of the new branch bank will be 9 a.m. to 4 p.m. Monday through Wednesday, 9 a.m. to noon on Thursday's, 9 a.m. to 6 on Fridays, and 9 a.m. to noon on Saturdays.

Carter In Atlanta For Interviews

PLAINS, Ga. (AP) — President-elect Carter is making the first of a series of trips to Atlanta to interview prospective cabinet members in the privacy of the governor's mansion he once occupied.

Carter told reporters he would be conducting such interviews in Atlanta today and Wednesday and plans to continue them when he visits Washington on Thursday and Friday. Aides later said they expect Carter to return to Atlanta "more than once" to meet personally with candidates for cabinet-level positions.

Reporters were forewarned they would be kept outside the grounds of the Georgia governor's mansion today, and Carter indicated the names of some visitors might be kept secret, at least for a while.

Carter held an impromptu news conference Monday outside the Plains polling place where hometown residents voted 90 to 71 to re-elect Mayor A. L. Blanton rather than turn over the town government to Billy Carter, the President-elect's younger brother.

The President-elect conceded there would be a lot of "guessing games" about his high level appointees, despite efforts to keep secret the names of those under consideration.

Later, he said, "as soon as I decide on any person for sure about a cabinet appointment, I intend to go ahead and make that announcement."

Carter said such announcements will take "much responsibility off my shoulders," because the persons he selects must immediately begin accepting much of the responsibility for planning administration policies in the areas they will oversee.

After a mid-morning flight to Atlanta aboard a two-engine propeller plane, Carter had a date with a dentist to get a cavity filled before beginning nearly seven hours of private meetings.

Vice President-elect Walter F. Mondale was to participate in the sessions.

After voting in the mayor's race on Monday, Carter said he was "deliberately keeping my mind open" about a possible economy-stimulating tax cut early in 1977.

"I have advisers who are leaning in all different directions," he said. But he said his decision will wait "until around the first of the year when we get as many economic indicator reports as we can."

Atlanta attorney Charles Kirbo, a principle Carter adviser, met with the

President-elect in Plains on Monday night to discuss Carter's promised blanket pardon for Vietnam draft evaders. Kirbo is heading a group of lawyers drawing up the proposal for Carter.

Liquor Applications, Transfers

Ohio Department of Liquor Control Director Clifford E. Reich announced today that applications for new liquor permits and transfers of location or ownership are now being processed by the department.

"The applicant and intended premises are investigated carefully before any decision is made regarding the issuance or denial of a permit," the director explained. "The usual time for the processing of an application is about 45 days."

The department releases the names of persons applying for permits to the news media and to municipal and county officials for the purpose of obtaining all information pertinent to the application.

"We hope that persons who have objections to permits under consideration will inform the department immediately," Reich said. "We base our judgement to issue or deny on the quota of permits allowed in the area according to population and the findings of our investigations. If the applicant is qualified and there is an opening, we are required by law to issue the permit," the director concluded.

In Pickaway County, a new permit has been applied for by Pickaway Gardens, Inc., 25060 Monticello Street, in Pickaway Twp.

The application filed for is a C1, which would permit the sale of 3.2 per cent beer for carry out. The application was filed on Nov. 22, 1976.

In permit transfer applications, the Darby Tavern, Inc., 8282 Harrisburg Pike, in Darby Twp., seeks to transfer its license to Glento Inc., 8282 Harrisburg Pike. The permit is a D1, D2, and D3. D1 is for the sale of 3.2 per cent beer for on premises consumption and carry-out. D2 permits the sale of high powered beer and wine for on premises consumption and carry-out. D3 is a restaurant permit, and permits the sale of wine or spirituous liquor by the glass until 1 a.m. The transfer application was filed on Dec. 3, 1976.

The students at Brooks-Yates School will be presenting their annual Christmas Program Thursday, 7:30 p.m. at the school. The public is cordially invited.

Railroad Track Laid At Fairgrounds

Saturday morning workers from the Sturm and Dillard Co. laid the track at the Pickaway County Fairgrounds in preparation for the relocation of the steam locomotive donated to Pickaway County by the gravel firm.

The Circleville Jaycees in charge of the relocation are asking for donations of time, money or materials to erect 180 feet of 8-foot high chain link fence to enclose and protect the old locomotive which was used for many years at the gravel plant.

Persons wishing to contribute in some way to the project may contact Bob Conley, Lou McFarland or Steve Barthelmas.

Santa and the Giant Fighter

By Lucrece Beale

Synopsis: While Billy has breakfast in Santa Land, Tweedleknies discovers the magic words to free the moon from its sealed box.

CHAPTER SIX THE HARP WITCH

Patrick Tweedleknies pointed proudly to the thin green book he had given to Billy.

"It is a secret book of wizardry. I was very lucky to find it. It contains the magic words you will need to set the moon back in the sky."

"B-but," said Billy. "It's my school spelling book! It must have dropped out of my pocket when I put my coat down."

"Nonsense!" snapped Tweedleknies. "It's a code book. You will find the right combination of words at the proper time. You can read, of course?"

Billy opened the book. He saw his name written there: William Henry Christopher Preserver. He had written it himself. He was ashamed to admit that these were practically the only words in the book he could read. He wished he had been a better student and studied his reading and spelling at school. What was he to do now?

Santa was pulling on his boots and fastening on his big red coat.

"That much is settled!" he cried happily. "Now off to the Harp Witch to find out how best to slay the giant!"

Billy sighed and stuck the spelling book in his pocket. He decided he would face the problem of the magic words when the time came. He followed Santa out of the house.

"If we could go to the witch's island in my sleigh we'd be there in no time," said Santa. "But the giant would surely snatch us out of the sky as he did the moon. Well, I know a turtle who can take us there quickly enough."

Billy's eyes popped when he

The Harp Witch plucks a rusty harp and sings hate songs.

saw Theodore Turtle waiting for them on the shore of the sea. Theodore was so big four men could ride on his back. But, wondered Billy, how fast could even a big turtle swim?

Theodore didn't intend to swim. He climbed out of his shell and turned it upside down in the water. Santa and Billy and Theodore climbed in; the turtle raised a sail, and away they sailed.

Presently they reached the shores of Keepaway and the home of the Harp Witch.

The Harp Witch is an ugly old crone. Day and night she plucks the strings of a rusty harp and croons songs of hate. Once she had been beautiful and young and madly in love with Goko the giant. Goko wooed her and promised to wed her but on the day of the wedding he changed his mind and never saw her again.

The witch was so mad she flew to Keepaway Island and lived forever after on her hate for Goko the giant. She did not want to talk to Santa and Billy.

She told them to leave. But when Santa told her that they were seeking a way to destroy Goko, the witch laid aside her harp and eagerly listened to their story.

"The boy must have some magic," said Santa. "or the giant will finish him before he even draws his wooden sword."

The Harp Witch thought and thought. Finally she said, "Goko loves jewels."

"What kind of jewels?" asked Santa.

"Beautiful stones set in bracelets and rings and necklaces."

The witch paced back and forth muttering to herself. Suddenly she stopped in front of Billy and cried, "Bring me the Rosanna Ruby. I will place it in a neck band of my own making. When Goko puts the band around his throat it will squeeze so tight he will be helpless."

"Suppose he does not put it on?" said Santa.

"He will! He could not resist the Rosanna Ruby!"

Schools Face Young Adult Problem

COLUMBUS, Ohio (AP) — It's been nearly three years since the age of majority in Ohio was lowered from 21 to 18, but the adult high school student still represents a dilemma to some educators.

"The problem arises in the treatment and procedure to be rendered the adult student and additionally the procedure and treatment to be rendered the adult student's parents or guardian," according to the Ohio Association of Secondary School Principals.

The principals association advises its members to assume the legislature meant exactly what it said when the Ohio Revised Code was amended to provide that: "all persons of the age of 18 years or more, who are under no legal disability, are capable of contracting and are of full age for all purposes."

In other words, the principals conclude, "it would seem that the adult students (someone 18 or older who is still in high school) is in fact an adult

and should be treated accordingly." In the association's view, that means:

—In a conflict between the adult student and his parents or guardians, the student's position should be upheld if it is not contrary to valid school regulations.

—An adult student "has a legal right" to prevent his grades from being transmitted to his parents or guardians by school authorities.

—An adult student may refuse to take part in "voluntary" programs, such as immunizations, and he or she should not be required to have a note from a parent explaining an absence.

With these guidelines in mind, school officials have the prerogative to set up specific regulations for adult students "which may well be distinct from minor students," the principals association says.

Also, the over-18-year-old who does not live with a parent or guardian may

be required to submit a doctor's excuse for absences due to illness that exceed two days, the principals believe.

The association adds that regulations should be adopted by local school boards and soon-to-be adult students along with their parents or guardians should be briefed on them. And then, there is the "emancipated minor."

Under Ohio law, parents may waive their right to their children's earnings and services and permit the youngsters "to earn their own way, and to spend or save their earnings."

"It is entirely possible," the principals group says, "for a minor to be emancipated without being of majority. On the other hand, it would seem that all persons of majority are emancipated regardless of whether or not they are living with a parent or another person who might, for lack of a better term, be called a guardian."

OEA Pushes Bill Package In Assembly

COLUMBUS, Ohio (AP) — The Ohio Education Association plans to send the General Assembly a package of 63 legislative requests with a proposal that would allow teachers to engage in collective bargaining heading the list.

The proposal is contained in a package adopted by the OEA at its representative assembly here Saturday. Others seek more money for schools and due process safeguards in the firing of teachers.

The 1,200 delegates called for repeal of the Ferguson Act, which prohibits strikes by public employees. They want a guarantee that teachers and other public employees can organize and bargain with their employers.

In addition, the proposed legislation would spell out unfair labor practices, provide for deducting public employees' union dues from paychecks and require that nonunion employees pay a fee equal to the dues.

Gov. James A. Rhodes vetoed collective bargaining and dismissal bills passed by the last legislature, the 111th General Assembly. The 112th legislature has Democratic majorities strong enough to override vetoes.

After heated debate, delegates adopted a proposal to give boards of education authority to set tax rates for

operating money and capital improvements.

Advocates of the measure argued that school boards in Pennsylvania and Indiana have such authority and that it may be the answer to school closings caused by lack of funds. Opponents said it would deny taxpayers a voice in setting taxes.

Temperamental Popcorn Shown

COLUMBUS, Ohio (AP) — Popcorn is temperamental, and William McNutt wanted to prove it during the recent convention of the Ohio Farm Bureau Federation.

McNutt, director of contract services for the federation, said, "It's very temperamental, from the farmer's point of view."

The Worthington resident displayed a big-time, corn-popping machine at the convention hotel for guests.

McNutt said a lot of work, money and effort goes into the popcorn people serve in homes and buy at movie theatres.

First, it's harder to grow than sweet corn which people eat at meals and field corn which is fed to livestock. Then, McNutt says you don't just take the corn off the cob and pop it. Rather, it has to be graded and dried for months.

Without that preparation, McNutt says it just won't pop.

Farmers in Ohio produced 750,000 pounds of corn for popping this year.

Presidential Retreats

A new president has much of his life regulated for him. The White House automatically becomes his residence, and while it is certainly a prestigious abode, it is not the most private nor comfortable home for a family.

The chief executive's daily routine is determined by the number and seriousness of the problems requiring his personal attention. Entertainment follows, for the most part, a predetermined formality which leaves little to the whims or preferences of

the incumbent.

But one aspect of presidential life is entirely at the discretion of the man holding the office—choice of a vacation retreat. Some presidents are remembered almost as much for where they vacationed as what they did when in Washington.

Teddy Roosevelt reveled in the hunting lands of the West. Franklin Roosevelt preferred the therapeutic atmosphere of Warm Springs, Ga. Harry Truman favored an occasional sojourn to Key West. Dwight

Eisenhower chose Camp David, Md., and his successor, John F. Kennedy, preferred Hyannis, Mass. What else for Lyndon Johnson but the family ranch in Texas?

For Richard Nixon it was a combination of Camp David, Key Biscayne and San Clemente. Gerald Ford showed a preference for the Colorado ski slopes. Even before entering the White House, Jimmy Carter is partial to the familiar surroundings of "back home."

Hard Lock Story

By PHYLLIS BATTELLE

NEW YORK — Detectives typically say that there is no lock in the world that can keep out a determined burglar.

Emil Buduini says pish-tush to that. Sometimes he even says hogwash.

There is a new door lock on the market which is "the most pick-resistant ever conceived" - and Emil is the only man on earth who can make the keys for it.

"It's called the Dictograph High Security Key-Lock, and no intruder yet has been able to pick it," claims the keeper of the keys. "I'll tell you why: 'First, no lock owners have keys with the same combination of notches. This is because computers select the cutting combinations available, and it's only one combo to a customer. 'Second, the key blanks are not available to any locksmiths. The keys can only be obtained from Dictograph headquarters. 'Third, even the key blank is exclusive to our company. No other company in the world has this type key or its keyway. 'And, most important, the key can be replaced only by Dictograph at its New Jersey headquarters. Not even the more than 125 other Dictograph distributors can make the keys because they don't have the blanks or the computer readout necessary to cut the key. 'Even Emil, himself, doesn't know the name of the lock-owner who is applying for a key; 'All I have is a code number. That makes the system really, really secure. 'When an order for a key is received at our headquarters, it must have been sent by certified mail. When the envelope is opened, the key code number is verified, and the signature on the letter is authenticated from official records on file.' If everything checks out perfectly, the vice president of the company in charge of engineering, Robert Hall, issues an order to Emil Buduini authorizing him to cut a new key using the combination specified by computer for the code number. Then the keys are checked for accuracy and sent out - again, by certified mail - to the owner of the security system. The precautions, as we see, are fantastic. But although they may be burglar-proof, they are not necessarily fool-proof. Any fool who goes out and leaves his key in the pocket of his blue suit could get mighty cold waiting for the postal system, the computer, Mr. Hall and Mr. Buduini to get him back in his house. The epidemic of assaults, burglaries and pick-pocketing of elderly citizens in cities has led to unusual new precautions. Even the nonelderly could benefit by the advice being taught to senior citizens in a self-protection seminar on Long Island, N.Y.: When walking on a street, do not hold

your handbag by its straps. Keep it close to your body - and upside down. This may befuddle the purse-snatcher somewhat in trying to grab the handles; and could foil him altogether if he yanks and the contents of the purse empty and fall to the ground.

Try to find and buy a recording of a barking dog. A social service worker in Queens reports one clever grandmother who lives alone keeps such a record on the player and flicks it on if she hears anyone outside her door.

If someone pulls up beside the curb and signals you to give directions or answer a question - don't. Keep walking.

Never cash a Social Security check the day it arrives. This date is well known among crooks, and they lie in wait.

Never display a wallet. Keep change

and one-dollar bills in a special change purse, and the wallet out of sight. If possible, leave it at home.

Try to travel in pairs or threes and, of course, avoid little-used streets.

Especially in the holiday seasons, avoid "con games." Nothing is inexpensive these days. If someone tries to sell you something that obviously is below market-value, ignore it. Don't invest in anything that promises something-for-little. You'll only be giving a merry ho-ho-ho to some undeserving confidence person. (There are female con artists too, these days; we have equal bilking rights.)

And here's the dandiest idea of all. If you receive an obscene phone call, keep a whistle handy and blow it directly into the phone.

Revenge is sweet.

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — Jimmy Carter has set a precise job goal that, in effect, provides everyone with a scorecard to measure his administration's performance in one of the most sensitive areas of the economy.

Having established a similarly precise goal, the Ford administration found itself receiving very low marks and losing votes as well.

Ford shot for a jobless rate of under 7 per cent by the end of 1976 and missed the target by more than a full percentage point, assuming the 8.1 November jobless rates continue into December.

The president-elect's goal is for a reduction of 1.5 per cent in that jobless rate by the end of the first year of his leadership, a goal he admits might be difficult to achieve.

Some independent economists here say they too have serious doubts, citing among other factors the rising number of women seeking jobs and the perniciousness of teen-age unemployment.

Both these factors are symptoms of persistent underlying changes in the nature of the labor force that are unlikely to respond sharply or immediately to temporary fiscal stimulus, such as a tax cut.

Changing mores, and to a great extent the need for additional family income, are behind the rise in the number of women seeking jobs. Ironically, as the economy improves it is possible that even more women will seek jobs.

The explosive teen-age unemployment rate of 19 per cent, and much higher than that for black teen-agers, represents a grave mismatch of individual abilities and employer needs.

Both these situations have been

developing for years but haven't been dealt with adequately in previous administrations.

One factor sometimes cited as leading to teen-age unemployment is a minimum wage rate of \$2.30 an hour. Small business people everywhere have complained that they cannot afford to train unskilled workers at that rate, only to lose them when the apprenticeships are completed.

Advisers to the president-elect are fully aware of the difficulty involved in reducing unemployment sharply through the use of fiscal measures alone, and therefore are advising specific action against specific job problems.

Not everyone believes the goal will require such special measures. One business economist, somewhat conservative, is telling clients that real growth of just 5 per cent is sufficient to meet Carter's goals.

In contrast, however, another cites what has come to be called Okun's law, so-named for Arthur Okun, chairman of the Council of Economic Advisers under President Johnson.

Okun's law postulates a reduction in unemployment by one-third the difference between the rate of growth of real Gross National Product and the 4 per cent rate at which real GNP must grow to accommodate expansion of the labor force.

If this "law" holds true in 1977 — and it did, incidentally, in 1976 — it would indicate a growth rate of 8.5 per cent if Carter's goal were to be achieved. Almost nobody is anticipating such a growth rate.

Glenn Opposed To Amnesty Plan

COLUMBUS, Ohio (AP) — U.S. Sen. John Glenn, D-Ohio, one of several persons once considered as Jimmy Carter's vice-presidential running mate, says he is opposed to the president-elect's proposed amnesty for draft evaders and deserters.

"I personally felt that the opportunity President Ford gave to those affected ... was adequate," Glenn told a news conference Monday. "The president-elect is going farther than that...."

Glenn said he is concerned about handling deserters under such a program. "What if we get into war again?" he asked. "I have a problem in my mind with deserters, particularly those that were in combat."

State Pays Out Court Subsidies

COLUMBUS, Ohio (AP) — The state paid \$208,137 to 76 counties in criminal cost subsidy payments, Auditor Thomas E. Ferguson reported Monday.

The program allows for state reimbursement to counties for costs involved in successful prosecution and imprisonment of indigent felons in state penal institutions.

John Skinner began America's first farm magazine in 1819.

"There's definitely life on earth, but we're not sure it's intelligent."

Speaking Of Your Health

by Lester L. Coleman, M.D.

Letters continue to pour in asking me for a definitive statement about the relationship between hormones and cancer of the breast and the uterus.

Readers of newspaper and magazine articles have been overwhelmed by confusing, and sometimes prematurely released, "scientific statistics." The dilemma for the laity, and even for physicians, is heightened by reports of an existing controversy.

For years, estrogen (female sex hormone) has been prescribed for women, before, during and after menopause. When a report was issued that women under such treatment have a greater tendency to develop cancer of the breast and cancer of the uterus, there was understandable anxiety.

The American College of Obstetricians and Gynecologists will soon issue a technical bulletin on this subject. At the present, even the most reliable and respected scientists and physicians are not all in agreement about the answers to this conflicting problem.

There are some gynecologists who recognize the possibility of a slight danger in the use of estrogenic hormone, yet they feel that the better quality of life offered by estrogen

compensates for the relatively slight risks.

Each patient must be individually evaluated. "Pap" smears and other tests should be done frequently, and the patient using hormone therapy should be under the constant care and supervision of the specialist.

Are there any forms of treatment to prevent a child from becoming excessively tall? I am 6 feet, 4 inches tall. My wife is 6 feet tall. I want to spare our son some of the difficult problems that arise for unusually tall people.

Mr. H. R. E., R.I.

Dear Mr. E.: The prediction of adult height is difficult to make, even for children whose parents are unusually tall. Yet it is wise to give some thought to the possibility of intensive hormone studies for boys and girls who may have the tendency to be unusually tall for their age group.

Specialists in endocrinology are able to make great contributions to the serious psychosocial problems associated with being too tall or too short.

It is urged that those people who are interested in such help obtain it at an early age rather than wait until the process is difficult to control.

Groveport Voters Ballot On Schools

GROVEPORT, Ohio (AP) — Both proponents and opponents of higher taxes for education here blamed "the system" as they voted today on a levy that could reopen schools for 6,900 students.

Schools closed Nov. 3 when a tax levy failed.

To proponents, "the system" is the state which some say did not provide

promised money.

To opponents, it is confused bookkeeping and a state auditors report.

The immediate stakes in the 13.8-mill operating school levy is whether schools will reopen before Jan. 3.

"I've got a gut feeling that it will pass," said Harold Groves, a school board member whose house has been divided by the question.

Opponent Mary Mick, who spearheads a group called Citizens for Better Schools for Less Money, said, "It's gonna be close. I hope it does not pass. Once something passes, people drop the ball and you lose your leverage, so I hope it is defeated."

Even though he supports the levy, Groves said "we feel funding is not correct."

His wife, Barbara, is an outspoken critic of the levy.

While she attended a community meeting on the question, Groves said, "She feels the way it was handled is wrong."

"She's got her own mind and that's what this country is based on," he added.

Mrs. Groves said earlier that "our taxes would be \$200 higher each year for the next five years. We don't live that fancy."

The Madison Local school district in this Columbus suburb is one of seven in Ohio which are closed for lack of money. Nearly 70,000 students are affected statewide.

Voters here defeated an 11.2-mill tax proposal Nov. 2, by a 109-vote margin—3,797 to 3,688. Schools closed the next day. State law forbids borrowing unsecured money.

Property owners here now pay 44.4 mills in taxes. That includes 30.1 mills that go to schools.

Arthur Godfrey Getting Checkup

CHICAGO (AP) — Arthur Godfrey, a recovered cancer patient, is in Michael Reese Hospital getting his yearly checkup.

"I just had a few days off and decided to see my friend, Dr. Newman," said Godfrey, 73, on Monday, referring to gastrointestinal specialist Dr. Edward Newman of Chicago.

The hospital listed the radio and television personality in good condition. He checked in over the weekend.

To opponents, it is confused bookkeeping and a state auditors report.

The immediate stakes in the 13.8-mill operating school levy is whether schools will reopen before Jan. 3.

"I've got a gut feeling that it will pass," said Harold Groves, a school board member whose house has been divided by the question.

Opponent Mary Mick, who spearheads a group called Citizens for Better Schools for Less Money, said, "It's gonna be close. I hope it does not pass. Once something passes, people drop the ball and you lose your leverage, so I hope it is defeated."

Even though he supports the levy, Groves said "we feel funding is not correct."

His wife, Barbara, is an outspoken critic of the levy.

While she attended a community meeting on the question, Groves said, "She feels the way it was handled is wrong."

"She's got her own mind and that's what this country is based on," he added.

Mrs. Groves said earlier that "our taxes would be \$200 higher each year for the next five years. We don't live that fancy."

The Madison Local school district in this Columbus suburb is one of seven in Ohio which are closed for lack of money. Nearly 70,000 students are affected statewide.

Voters here defeated an 11.2-mill tax proposal Nov. 2, by a 109-vote margin—3,797 to 3,688. Schools closed the next day. State law forbids borrowing unsecured money.

Property owners here now pay 44.4 mills in taxes. That includes 30.1 mills that go to schools.

Health Plan Eyes Early Detection

MARION, Ohio (AP) — Directors of the state's first federally-qualified health maintenance organization, say its primary concern is early detection of illness and immediate treatment before a subscriber becomes seriously ill.

The Marion unit, in operation since May, is the first in Ohio to achieve the federal designation.

Executive Director Edward J. Petras said the qualification rating means the local health care organization has met strict legal, financial, quality assurance, benefits and other criteria set forth in federal statutes.

Petras said the recently acquired rating from the U.S. Department of Health, Education and Welfare, will provide an opportunity for employers and unions with at least 25 or more workers or members to offer the Marion plan, which costs about the same as other private national group insurance plans, along with their present health insurance.

Since its inception, the Marion unit has acquired about 950 members. "The acceptance in the community has far exceeded our expectations," Petras said. "We anticipated an enrollment of 1,000 members by May 1, 1977, and we are on our way to exceeding that goal."

The Marion unit provides a subscriber with a doctor, requests a regular medical exam, then pays virtually the entire medical bill under the monthly rate paid by the subscriber.

Arthur Godfrey Getting Checkup

CHICAGO (AP) — Arthur Godfrey, a recovered cancer patient, is in Michael Reese Hospital getting his yearly checkup.

"I just had a few days off and decided to see my friend, Dr. Newman," said Godfrey, 73, on Monday, referring to gastrointestinal specialist Dr. Edward Newman of Chicago.

The hospital listed the radio and television personality in good condition. He checked in over the weekend.

Farm Market Expansion Need Seen

WASHINGTON (AP) — The head of the Agriculture Department's largest international agency said today that new and larger world markets must be found if American farmers are to prosper, a view shared by President-elect Carter.

David L. Hume, administrator of USDA's Foreign Agricultural Service, also said trade barriers still persist, particularly in the European Common Market, which restrict U.S. farm sales.

Hume's views have been supported by the Ford and Nixon administrations, and they also closely follow what Carter has said about farm exports and trade.

Hume's remarks were in a speech prepared for the California Farm Bureau Federation meeting in Palm Springs, Calif., and were distributed here.

"The future lies in continuing to find markets for the commodities U.S. farmers produce so efficiently," Hume said. "This inevitably brings us to the subject of international trade — the

necessity to market overseas."

The General Agreement on Tariffs and Trade (GATT), created in 1947 with a goal of creating free and competitive markets, has been "systematically eroded" by what Hume described as national self-interests of member nations.

Current talks are aimed at strengthening GATT so that U.S. farm products can compete more freely. Also, Hume said, agriculture must be "included on the same terms" as industry in all multilateral trade negotiations.

In his presidential campaign, Carter said "our goal must always be to eliminate arbitrary trade barriers and discriminatory trade practices."

Other comments by Carter related to trade and farm exports included:

—"I agree with regard to GATT negotiations that agricultural and industrial matters should be linked together. We should not submit to 'divide-and-conquer' tactics in our trade negotiations overseas."

—"The most important factor in a profitable agricultural economy is a high level of farm exports."

—"We should have a program of 'active salesmanship' to promote the sale of American agricultural commodities and there should be strong sales efforts on the part of federal agencies in times of temporary overproduction."

Cincy Schools Challenge Aid Formula

CINCINNATI (AP) — Cincinnati schools are challenging Ohio's system of financing schools based on the local districts' abilities to pass school levies in a trial that is expected to take nine months.

School lawyers blamed the state for continuing crises in education and the state countered with charges that Cincinnati schools are mismanaged at the opening of the trial Monday in Hamilton County Common Pleas Court.

The trial is being heard by visiting Clinton County Common Pleas Court Judge Paul E. Riley.

"Schools in this state are in perpetual turmoil and crisis," said school attorney John Lloyd Jr. In his opening statement, Lloyd noted that six Ohio school districts are presently closed and "75,000 to 80,000 children in Ohio are presently suffering and absolute deprivation of educational opportunity."

Lloyd said the state is failing to provide a "thorough and efficient" education to all its children equally, as the Ohio constitution says it must.

Asst. Ohio Atty. Gen. Larry Zingarelli said the 70,000-pupil Cincinnati system is "a bureaucracy wasting the money we give you, and now you want more."

"They want violin lessons. They want breakfast, lunch and dinner in the schools. They want the students to be happy, to be on winning football teams, and they say this is a basic right in education. But you do not have the right to be a winner. We're talking about a minimum education, not a perfect education."

Giving Money Back Hard, Utility Finds

JACKSON, Mich. (AP) — A Michigan public utility is trying to give back nearly \$30 million to its gas and electric customers, but some of them are looking the gift horse in the mouth.

Consumers Power Co. is resorting to a costly national advertising campaign to track down 1970 and 1971 customers who don't know they're entitled to \$5 or \$10 refunds.

"Some of them who received our refund checks thought they were bills, and they wrote us a check," says Jack Mercado, who heads the refund project for Consumers Power.

The company has purchased ads in the Wall Street Journal, the National Observer, 45 state daily newspapers and 135 weekly papers and bought time on 38 radio stations and a dozen television stations to get the message out, Mercado says.

He declined to estimate the cost of the search, but said it will be borne by shareholders, not customers.

It's not a case of generosity. Consumers Power, the state's second largest public utility, was ordered to make the refunds earlier this year after a lengthy court battle.

An Ingham County Circuit Court judge agreed with the state attorney general's office that the utility had failed to seek a reduction in its rates after a federal income tax surcharge was eliminated in 1970.

The judge ordered refunds, including 6 per cent interest, to reimburse all 1970 and 1971 customers the amount they were overcharged during that period.

That comes to \$29.7 million for at least 1.6 million customers. The state says it's the largest refund ever ordered for a utility in Michigan, and Mercado says it's a "humdinger" to try to accomplish.

Consumers Power sent out nearly a million checks worth \$19.6 million on Nov. 1, but that was the easy part. The initial mailings went to customers who haven't moved since 1970 or 1971.

The ads, and some 850,000 brochures to current customers who might have

been Consumers Power customers elsewhere five or six years ago, have attracted 322,000 applications for refunds. A staff of 50 is wading through the applications now, says Mercado. Some refunds are under \$1, and one large industrial customer got more than \$100,000, according to Mercado. Most are in the \$5 to \$10 range.

Even if all those applicants are valid, that leaves at least 300,000

customers who haven't been contacted. Mercado said the number is probably higher than that.

The court gave Consumers Power up to four years to make reasonable efforts to give out the money. Anything left will go to the State of Michigan.

The first public monument dedicated to Edgar Allan Poe was erected in Baltimore in 1875.

Irked by a neighbor's barking dog, Phil took a pot shot at it with his pistol. The bullet missed the dog, passed through a hedge and injured a boy on the sidewalk.

Was Phil legally liable to the victim? In a court hearing, he denied responsibility.

"The boy was completely hidden by that hedge," he said. "Obviously I had no intention of hurting him, since I was not even aware he was there."

But the court held Phil liable anyhow, pointing out that he had no right to fire at the dog in the first place. As for the "no intention" argument, the court ruled that—as one judge put it—"the intention follows the bullet."

The case illustrates how sternly the law looks upon the handling of firearms. Due care is demanded, and "due" is measured by the extraordinary risks that guns involve.

In another case the trigger was pulled by accident. An off-duty watchman was twirling his gun on his forefinger when it discharged. He had forgotten it was loaded.

A companion was wounded in the leg, and later filed suit for damages. Here too the court found liability, declaring that absentmindedness was no excuse.

"Guns thought to be unloaded," said the court, "are the most dangerous. The tragic story of death and injury is all too familiar."

Still, the law recognizes that pure accidents can and do occur. For example:

A hunter fired at a rabbit. The bullet hit a tree and ricocheted into another hunter who was hiding in the bushes. But a court said the first hunter, having fired his gun lawfully, could not be blamed for what happened.

He would have needed "necromancy," said the court, to foresee such an outcome.

Miss Lynette D. Mundy Bride Of Larry McFarland

MR. AND MRS. LARRY D. MCFARLAND

The wedding of Miss Lynette D. Mundy and Mr. Larry D. McFarland took place 7:30 p.m., Nov. 6, at Good Shepherd United Methodist Church.

The Rev. H. Eugene Flowers performed the double ring service for the daughter of Mr. and Mrs. Harold Mundy, 307 Neville St., and the son of Mr. and Mrs. Glen McFarland, 408 Stella Ave.

Music preceding the ceremony was by Mr. Ellery Elick, a cousin of the bride, organist, and Miss Wanita McGlone, vocalist.

The bride was given in marriage by her father and mother. She was attired in a floor length gown of polyester knit lined with taffeta. The bodice featured venise lace trimming, pearls, stand up collar, long sleeves with lace trimmed cuffs and a high rise waistline. The soft A-line skirt was enhanced with double rows of lace to the hemline of the skirt flowing gracefully to a chapel length train. She carried a cascade arrangement of white miniature carnations, pompon mums, stephanotis and touches of blue carnations.

Maid of honor was Miss Jane Bowlby, a cousin of the bride. She wore a floor length light blue knit gown with long sleeves and roy al blue velvet collar and cuffs. Her smaller bouquet matched that of the bride.

Miss Rebecca Mundy and Miss Melissa Mundy, sisters of the bride, and Mrs. John Selip, sister of the bridegroom, were bridesmaids. They were gowned identically to the honor attendant and carried matching bouquets. The attendants all wore silver heart necklaces, gifts of the bride.

Flower girl was Miss Kimberly

Mundy, niece of the bride. Master Tyler Smallwood, cousin of the bridegroom, was ring bearer.

Mr. Glenn McFarland performed the duties of best man for his brother. Ushers were Mr. John Selin, brother-in-law of the bridegroom, and Mr. Richie Mundy, brother of the bride.

The bride's mother wore a floor length aqua blue dress and a corsage of white carnations tipped to match her gown. The bridegroom's mother chose a floor length light blue dress with a corsage of carnations tinted to match her gown.

A reception in the Service Center of the church immediately followed the ceremony. The three tiered wedding cake was trimmed in light and dark blue flowers and featured a miniature staircase with bride, bridesmaids and candles ascending them. The cake was baked by Mrs. Carol Bowlby, aunt of the bride.

Hostesses were Mrs. Carol Bowlby, Mrs. Chris Jensen, cousin of the bridegroom, Mrs. Michial Thomas and Mrs. Jim Short.

The bride is a 1974 graduate of Logan Elm High School and is employed as a secretary at Circleville Realty.

The bridegroom graduated from Circleville High School and is employed by the Circleville General Electric Lamp Plant. The couple now resides at 152 Villa Drive.

Out-of-town guests at the wedding were from Logan, Rockbridge, Mansfield, South Vienna and Stouts-ville.

Spiced prunes make a delicious accompaniment for roast pork.

Cafeteria Workers Hold Yule Party, Fete Anniversaries

The cafeteria workers of Circleville Junior High School held a Christmas Party Saturday evening at the home of Mr. and Mrs. John Jenkins, 666 E. Mound St.

They also held surprise celebrations for the 25th wedding anniversary of Mr. and Mrs. Charles Allison, and the 37th wedding anniversary of Mr. and Mrs. Gladden Troutman. Each couple was presented a silver tray and the Allison's were also given a picture of their wedding day.

Christmas decorations were used in the basement of the home and the buffet table held a three tiered wedding cake using yellow and green decorations, the same as used for the wedding cake of Mr. and Mrs. Allison.

The evening was spent in singing, listening to music, and readings by Gladden Troutman.

Present for the festive occasion were: Mr. and Mrs. Charles Allison, Mr. and Mrs. Gladden Troutman, Mr. and Mrs. Donald Pontious, Mr. and Mrs. Robert Quincel, Mr. and Mrs. George Montgomery, Mr. and Mrs. Ted Sims, Mr. and Mrs. Freeman Lutz, and the hosts, Mr. and Mrs. Jenkins.

Salem Church Women Hold Holiday Meeting

Women of Salem United Methodist Church held their Christmas meeting Thursday at the church.

The program for the evening was held in the sanctuary and was conducted by young women of the church. Mrs. Jayne Stevenson, Miss Lydia Boldoser, Miss Robin Evans, Miss Lucinda Minor, Miss Patty Ankrom and Mrs. Jane Barr sang "Angels From the Realms Of Glory" accompanied at the piano by Miss Betsy Ankrom. Members joined in singing "Joy To The World."

Miss Patty Ankrom read the Christmas story from the book of Luke and the members sang "O Holy Night." Mrs. Jayne Stevenson read scripture from Matthew. "O, Little Town Of Bethlehem" was sung and the program was concluded with "Silent Night."

Mrs. June McAfee, president, conducted a brief business meeting. The society voted to pay the balance due on the new hymnals purchased for the church, to donate to the restoring of St. Paul AME Church and help in the purchase of poinsettias and perishable items for food baskets given by the church at Christmas.

Mrs. Boldoser, Mrs. Barr and Mrs. Mona Hankins gave reports of the success of preparing and taking fruit baskets to area shut-ins for Thanksgiving. Mrs. McAfee closed the meeting with prayer.

Refreshments of punch and cookies were served in the community room. Games were conducted and gifts were exchanged.

There will not be a meeting in January.

Mundy, niece of the bride. Master Tyler Smallwood, cousin of the bridegroom, was ring bearer.

Mr. Glenn McFarland performed the duties of best man for his brother. Ushers were Mr. John Selin, brother-in-law of the bridegroom, and Mr. Richie Mundy, brother of the bride.

The bride's mother wore a floor length aqua blue dress and a corsage of white carnations tipped to match her gown. The bridegroom's mother chose a floor length light blue dress with a corsage of carnations tinted to match her gown.

A reception in the Service Center of the church immediately followed the ceremony. The three tiered wedding cake was trimmed in light and dark blue flowers and featured a miniature staircase with bride, bridesmaids and candles ascending them. The cake was baked by Mrs. Carol Bowlby, aunt of the bride.

Hostesses were Mrs. Carol Bowlby, Mrs. Chris Jensen, cousin of the bridegroom, Mrs. Michial Thomas and Mrs. Jim Short.

The bride is a 1974 graduate of Logan Elm High School and is employed as a secretary at Circleville Realty.

The bridegroom graduated from Circleville High School and is employed by the Circleville General Electric Lamp Plant. The couple now resides at 152 Villa Drive.

Out-of-town guests at the wedding were from Logan, Rockbridge, Mansfield, South Vienna and Stouts-ville.

Cafeteria Workers Hold Yule Party, Fete Anniversaries

The cafeteria workers of Circleville Junior High School held a Christmas Party Saturday evening at the home of Mr. and Mrs. John Jenkins, 666 E. Mound St.

They also held surprise celebrations for the 25th wedding anniversary of Mr. and Mrs. Charles Allison, and the 37th wedding anniversary of Mr. and Mrs. Gladden Troutman. Each couple was presented a silver tray and the Allison's were also given a picture of their wedding day.

Christmas decorations were used in the basement of the home and the buffet table held a three tiered wedding cake using yellow and green decorations, the same as used for the wedding cake of Mr. and Mrs. Allison.

The evening was spent in singing, listening to music, and readings by Gladden Troutman.

Present for the festive occasion were: Mr. and Mrs. Charles Allison, Mr. and Mrs. Gladden Troutman, Mr. and Mrs. Donald Pontious, Mr. and Mrs. Robert Quincel, Mr. and Mrs. George Montgomery, Mr. and Mrs. Ted Sims, Mr. and Mrs. Freeman Lutz, and the hosts, Mr. and Mrs. Jenkins.

Salem Church Women Hold Holiday Meeting

Women of Salem United Methodist Church held their Christmas meeting Thursday at the church.

The program for the evening was held in the sanctuary and was conducted by young women of the church. Mrs. Jayne Stevenson, Miss Lydia Boldoser, Miss Robin Evans, Miss Lucinda Minor, Miss Patty Ankrom and Mrs. Jane Barr sang "Angels From the Realms Of Glory" accompanied at the piano by Miss Betsy Ankrom. Members joined in singing "Joy To The World."

Miss Patty Ankrom read the Christmas story from the book of Luke and the members sang "O Holy Night." Mrs. Jayne Stevenson read scripture from Matthew "O, Little Town Of Bethlehem" was sung and the program was concluded with "Silent Night."

Mrs. June McAfee, president, conducted a brief business meeting. The society voted to pay the balance due on the new hymnals purchased for the church, to donate to the restoring of St. Paul AME Church and help in the purchase of poinsettias and perishable items for food baskets given by the church at Christmas.

Mrs. Boldoser, Mrs. Barr and Mrs. Mona Hankins gave reports of the success of preparing and taking fruit baskets to area shut-ins for Thanksgiving. Mrs. McAfee closed the meeting with prayer.

Refreshments of punch and cookies were served in the community room. Games were conducted and gifts were exchanged.

There will not be a meeting in January.

It was after the assembly that students and faculty of Washington School made rest home donations.

Cook Continues Fight For Job

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes plans to meet Friday with his ousted highway safety director, Donald D. Cook, in a continuing dilemma that stems from a fourman shakeup in the normally unified Republican governor's administration.

Cook had planned to go public Monday with his side of a prolonged controversy with Curtis Andrews, the former motor vehicles registrar who also got shifted, but relented after the governor set the meeting at 8 a.m. Friday. Cook said in a statement Monday afternoon: "I have agreed to withhold my communication to the governor until we have our meeting."

The former director canceled a Monday afternoon meeting with Rhodes during which he planned to give the governor a letter announcing he would fight the governor's order. He also said he intended to give copies of the letter to the news media.

Rhodes reassigned Cook to supervision of the crime prevention office. Andrews was renamed deputy director of the transportation department. Andrews accepted his new assignment, but Cook reportedly did not show up for work Monday.

He refused to comment on whether he would report for work before his Friday meeting with Rhodes.

The shakeup came as the result of a behind-the-scenes feud of about eight months between Andrews and Cook, who technically is the registrar's boss under state law.

Cook ordered Andrews suspended for 20 working days on Nov. 25, while Rhodes was spending a Thanksgiving holiday in Florida. However, Rhodes subsequently overruled the suspension and then announced the shakeup which also involved two others in the administration's personnel.

Robert M. Chiaramonte, former highway patrol superintendent, was appointed to replace Cook at highway safety, and Dean L. Dollison, who has been deputy transportation secretary, replaced Andrews as motor vehicles registrar. Rhodes ordered them to report to their new posts on Monday. Chiaramonte has been head of the crime council.

Over the weekend, Cook—a long time Rhodes associate who served as liquor director during the governor's first two terms from 1963-1971—expressed disappointment that he had

Credit Union Receives Award

The PCSE Federal Credit Union of Mt. Sterling, has earned a National Credit Union Administration (NCUA) Thrift Honor Award for its success in stimulating savings among small savers, according to Robert E. Boon, Regional Director, Region IV, Toledo.

According to Boon, the credit union experienced a monthly growth rate that was well above the average for Federal credit unions of similar size.

The credit union serves employees of public schools working in Pickaway County, and members of their immediate families. Ann Posey is currently serving as President with Mildred Davis serving as Treasurer. Credit union Examiner Brian Gately presented the Award to the officials during the recent examination.

New Postmasters Named By Doran

CHICAGO (AP) — Six new Ohio postmasters were appointed in December, John P. Doran, regional postmaster general, announced.

They are Jimmie D. Fox, Coldwater; Edna J. Rideout, Curtice; Eugene T. Gusicki, Findlay; Eileen K. Rogers, Lindsey; Joseph V. Bartolomain, Salem; and Mildred K. Potter, Spring Valley.

HONORED — John Johnson, immediate past president of the Circleville Mound-builders Kiwanis Club, was presented a Past President's pin and plaque recognizing his administrative year. The award was made at the Tuesday morning meeting of the club.

Criminal Cost Subsidy Distributed

State Auditor Thomas E. Ferguson's office announced criminal cost subsidy payments amounting to \$208,137.19 were distributed to 76 county clerks of court during November. Pickaway County received \$2,227.23.

These payments, which do not reflect any expenses incurred under the Ohio Public Defenders Program, ranged in amount from \$50.60 to the Carroll county clerk of court to \$29,409.18 to the Summit county clerk of court.

The Criminal Cost Subsidy Program allows for state reimbursement to counties for the costs involved in successful prosecution and imprisonment of indigent felons in state penal institutions.

Over the weekend, Cook—a long time Rhodes associate who served as liquor director during the governor's first two terms from 1963-1971—expressed disappointment that he had

been unable to meet privately with the governor.

"I can't understand it," said Cook, reiterating that he thinks he has been right in his spat with Andrews and can document his case for the governor.

The ousted director asserted, among other things, that Andrews shut down a law enforcement information program, run by the state as a service to local agencies, after 5 p.m. and on weekends, and that he caused certain information to be withheld from highway patrol investigators looking into fund shortages among Ohio's deputy registrars who sell plates and licenses to the public.

By THE ASSOCIATED PRESS

Travelers advisories were posted across northern and eastern Ohio, where one to three inches of snow were expected to fall today.

A cold front moving through Ohio changed the rain that was falling into snow. Toledo reported three inches of snow on the ground early today.

Cold will be the dominating weather factor tonight when temperatures fall into the 5-to-15-degree range.

Interstate Offers High Quality Driver Training

ALL INSTRUCTION at the Interstate Driving School is on a private one-to-one basis on the road. This enables the instructor

Ohio law requires that before any resident of the state is issued a driver's license, they must complete a certified course of driver's education. So if you're required to take driver's education, why not take the best? In this area, that would have to be Interstate Driving School in Chillicothe.

At Interstate Driving School, all lessons in the car are private. This allows the instructors to work closely

with the individual pupils and concentrate on each one's specific problems.

New classes are started each Saturday, and students from this area may enroll by calling the school. A pupil may finish the schooling in 2½ weeks. Other classroom work is completed on Tuesdays and Thursdays.

Ray Montgomery supervises all classroom work, and those sessions

to concentrate on any specific problems that a pupil might have.

stress the laws and various state regulations of driving. Also studied are such responsibilities as good habits, vision, following and stopping distances, and insurance.

arrangements to use on of Interstate's cars for their Ohio driver's examination.

Also offered at Interstate Driving School is a remedial driving course that is made up of eight hours of classroom work. This course is geared towards problem drivers who have accumulated between six and 11 points on their driver's licenses. If the pupil completes the course successfully, the point total on the license is lowered by two.

A \$50 down payment is all that is required to start instruction in

Interstate Driving School. The remainder of the fee is due upon completion of the course, and can be paid in any number of ways, including Master Charge. Payment plans are also available.

Interstate in this area covers an area from south Columbus to Portsmouth.

All instructors at the school are trained for their work and are licensed

by the Department of Highway Safety, which also conducts inspections of the school itself and the training offered there.

With approved training mandatory for all new drivers, it only makes good sense to get the best driver training available. So go to Interstate Driving School, where you get high-quality professional training.

Interstate Offers High Quality Driver Training

ALL INSTRUCTION at the Interstate Driving School is on a private one-to-one basis on the road. This enables the instructor

to concentrate on any specific problems that a pupil might have.

PARKING IS only one of the many areas of driving that are studied at Interstate Driving School. Various state laws and regulations

are stressed, along with good habits, vision, following and stopping distances, and insurance.

Ohio law requires that before any resident of the state is issued a driver's license, they must complete a certified course of driver's education. So if you're required to take driver's education, why not take the best? In this area, that would have to be Interstate Driving School in Chillicothe.

At Interstate Driving School, all lessons in the car are private. This allows the instructors to work closely

with the individual pupils and concentrate on each one's specific problems.

New classes are started each Saturday, and students from this area may enroll by calling the school. A pupil may finish the schooling in 2½ weeks. Other classroom work is completed on Tuesdays and Thursdays.

Ray Montgomery supervises all classroom work, and those sessions

stress the laws and various state regulations of driving. Also studied are such responsibilities as good habits, vision, following and stopping distances, and insurance.

Classroom sessions are aided by slides and movies. After classroom periods, the students get the chance to try what they have learned in four different on the road driving sessions that are two hours in length. The driving classes are conducted by Michael Bibb.

Each student is picked up and returned to his home, and if the student desires, he or she can make

Dear Abby:

By Abigail Van Buren

You Can't Warm Up For The Real Thing

DEAR ABBY: I am 21 and Bill is 22, and we are both very mature. We have established a comfortable and caring relationship these past two years, both have good jobs and go to college part-time.

We have decided to get a two-bedroom apartment together, mainly to see if we can live together as a preparation for marriage. We already have a physical relationship but we will have separate bedrooms for privacy when we want it.

Bill's parents already know and they don't approve, but they are slowly accepting it in hopes we'll marry soon. My parents live in another state. They are very religious and I don't want to hurt them. Yet I love Bill very much and want to be sure that if we marry, it will work out. So many of our friends are already divorced.

I've told my parents that I am going to share an apartment with another girl. I'll have my own phone, so if they call me in the middle of the night, Bill won't accidentally answer it.

Let me know what you think, please.

ON MY OWN

DEAR ON: Living together, even with separate bedrooms, is no preparation for marriage. And citing your friends' broken marriages is a copout. To live a lie because you're afraid of "hurting" your parents is wrong, because no matter how elaborate the plans for hiding the truth, it usually comes out. If you were as mature as you claim to be, you'd be honest about your lifestyle and take the consequences.

DEAR ABBY: I saw the column advising the mother of a bedwetter to buy an electric device. We got one last April, and within two months, our 12-year-old son who had been a bedwetter all his life was cured!

I waited this long to thank you because I wanted to be sure it was permanent. Our doctor hadn't been any help at all.

GRATEFUL IN BLAIRSDEN, CALIF.

PCB Probe Planning Stepped Up

FLORENCE, Ky. (AP) — The Ohio River Valley Water Sanitation Commission (ORSANCO) has urged state and federal representatives to formulate by next month a detailed plan to probe high levels of a toxic chemical found in catfish caught in the Ohio River.

A study, released by the group last week, showed that the catfish contained the chemical polychlorinatedbiphenyl (PCB) in amounts in excess of the federal health limit.

PCB was recently banned by Congress from further production after it was linked to cancer in humans. PCB's are most commonly used in electrical products, such as transformers and batteries.

"We don't know the total answer and we can't afford to take the chance of not knowing," said Ralph Pickard, ORSANCO chairman, about the testing at 11 sites along the Ohio River. "It is a limited problem now, but we have to see if it extends to other fish."

Pickard said the representatives were told to go back to their respective states and formulate a plan of action which could be adopted during a meeting next month of the regional commission.

Among the short-term proposals that may be considered are an inventory of sources of PCB and also whether the sediments containing the chemical are stable or moving.

Pickard said he would make a personal request to triple the amount of sedimentation testing.

DEAR GRATEFUL: Glad I could help. For a chronic bedwetter, happiness is a dry bed.

DEAR ABBY: In a recent column you had a letter from a woman who said she couldn't get a plastic surgeon to operate on her nose because he said her problems were psychological and an operation wouldn't help her. Well, that reminded me of an experience I once had.

I met a very attractive girl who talked on and on about how her "hideous" nose had wrecked her life.

When she finally paused for breath, I told her that although it was obvious that her nose wasn't her best feature, it wasn't all that hideous.

She replied: "Oh, this isn't the nose that wrecked my life. This is my NEW nose-I love it. But you should have seen the one I was born with!"

Our Men And Women In Military Service

The new Circleville area Army Recruiter, SSG Tom Foster, recently announced the following enlistees into the Army:

Melinda Seymour, daughter of Mr. Gale Seymour, and Carol Speakman have entered into active duty with the Army. Both girls had enlisted through the Army's Delayed Entry Program. They are currently taking basic training at Ft. McClellan, Alabama. Melinda and Carol chose clerk-typist as their option. Both girls are 1976 graduates of Circleville High School.

Debbie Leckrone, a 1976 graduate of Logan Elm High School, entered the Army through the Delayed Entry Program and is now in basic training at Ft. Jackson, South Carolina. She will train to be a Nuclear Weapons Specialist and is also taking college courses through the Army's Project AHEAD. Debbie is the daughter of Mr. and Mrs. James Leckrone of Route 5.

Cathy Armstrong is now in basic training at Ft. McClellan, Alabama. After enlisting in the Army's Delayed Entry Program, Cathy chose unit-organization supplyman as her option. A 1976 graduate of Circleville High School, she will be stationed in White Sands, New Mexico. Cathy's parents, Mr. and Mrs. Richard Armstrong, reside at 269 Meadow Drive.

LeAnn Clevenger, the daughter of Mr. and Mrs. Lamar Clevenger, is now

on active duty with the Army. She is currently in basic training at Ft. McClellan, Alabama, as a parachute rigger with the 82nd Airborne Division. LeAnn enlisted in the Army's Delayed Entry Program and is a 1976 graduate of Circleville High School.

Gayle Roof has gone on active duty with the Army as a parachute rigger. She is in training at Ft. Benning and is to be stationed at Ft. Stewart, Georgia. Gayle, a 1976 graduate of Logan Elm High School is the daughter of Mr. and Mrs. George Roof of Route 2, Amanda.

CARL FULLER

Carl Fuller, who enlisted in the Army August 11, 1974, was recently promoted to Sergeant. Fuller has attended several schools and is now the head of Company Armor. He is stationed at Ft. Carson, Colorado and resides with his wife Judy and son Jason. His address is: Sgt. Carl Fuller 420 Royalty Place Apartment 96, Fountain, Colorado 80817.

Ashville OKs Radar Lease

Ashville councilmen okayed a 90-day lease agreement that would give the police department a Model HR-8 hand radar unit, which can be used in both village police cruisers.

The action came during Monday's regular meeting of council.

Insurance for all village property and equipment was reviewed at the meeting with Frank Baum, village engineer, and Robert Newman of the Newman Insurance Agency. In most cases, insurance coverage was increased.

In other business, council prepared a new burning ordinance which will probably be passed under emergency legislation at the Dec. 20 meeting, and learned that the Board of Public Affairs meeting had been changed to Dec. 15 at 7:30 p.m. at the council house.

Mayor Max Cormany reported that fines and costs of \$745 had been collected at Mayor's Court during the period of Nov. 9 to Nov. 30.

Mayor Cormany presided at the meeting, which was attended by Councilmen Marvin Hicks, Richard Cook, Gary Throp, Nolo Gulick, Charles Morrison, and George Forquer, and clerk Raymond Lindsey. The next meeting will be Monday, Dec. 20, at 7 p.m.

After adjournment, council met with South Bloomfield council members regarding federal grant monies applied for by South Bloomfield in conjunction with Ashville.

Missionary To Speak At Emmett Chapel

Darryl McAhren, missionary under appointment to Brazil with OMS International, will speak at Emmett Chapel United Methodist Church, 318 Tarlton Road, 7 p.m. Wednesday.

Until recently McAhren was manager of the data processing department of an Indianapolis corporation. In Brazil he will serve as business manager of OMS work. His headquarters will be in Sao Paulo.

Mrs. McAhren taught in elementary school in Indianapolis for a number of years and will be involved in a teaching ministry. The McAhrens have four children.

Nebraska Grange To Meet Tonight

Nebraska Grange will meet 8 p.m. today at the Grange Hall, Route 1, Ashville. Members are to bring cookies or candy and all are urged to attend.

Controlling Board Delays Welfare Action

COLUMBUS, Ohio (AP) — Ohio's controlling board isn't so sure it wants to rush a plan to comply with federal welfare regulations, even in the face of a threatened \$60 million loss in federal funds.

The seven-member board told welfare department officials Monday it wants to see the proposed regulation changes and asked them to return at the board's next meeting Dec. 20.

The decision stemmed in part from the testimony of Gerald E. Keller, a spokesman for the Academy of Nursing Homes in Cincinnati. He said the U.S. Department of Health, Education, and Welfare had approved regulations in Kentucky similar to those the Ohio department wants to adopt.

Last week, Clyde Downing of Chicago, a regional HEW commissioner, said Ohio could lose up to \$60 million because of new regulations for the state's nursing home reimbursement program, unless it modifies its regulations to meet HEW objections.

Downing said the objections center on provisions that give nursing home operators a profit allowance based on operating costs, instead of investment, as HEW wants. He also recommended changes in another regulation that fixes set, instead of flexible, amounts of reimbursements for property and equipment depreciation.

Keller, who said his group has a total of 3,300 Medicaid beds in the Cincinnati area, advised that they will send an attorney to Washington to try to get

Ohio's regulations approved within the next two weeks.

Unless the regulations allowing profit based on operating costs are allowed to stand, he said, "we're finished. We're out of business." He said it would be unfair to permit profit allowances based on equity of investments because they would "destroy" operators holding mortgages.

In other business, the controlling board released \$250,000 of a requested \$500,000 for architectural costs on a new state office building planned in Toledo. The board said it wanted several questions answered by a Toledo development committee which wants to hire a Michigan firm instead of an Ohio architect on the \$25 million project. The structure will be used to consolidate city, county, and state offices in the Toledo area.

In other business, the board approved without dissent the release of \$553,947 from state emergency funds to make renovations and expansions of Statehouse space for the Ohio House of Representatives.

Joseph Sommer, executive secretary of the House, said the funds permit remodeling of the old state auditor quarters for six new committee chairmen's offices and one or two additional hearing rooms, along with the employment of more secretaries.

SCIOTO GRANGE

Scioto Grange 2456 met 7:30 p.m. Dec. 2 with worthy master Ernest Bidwell in charge. There were 24 subordinate and five junior members present.

During the meeting Mark Pfiffer gave the youth report and Doris Beach gave a report on the officers meeting held at Frank Lands' home.

The Grange voted to contribute \$1 per member to the Friendly Hills project. The next meeting members are to bring a \$2 gift for exchange and Christmas goodies for the refreshments.

The literary program was presented by Josephine Dountz, Pomona. Her program included a Thanksgiving prayer by Patsy Hastings, music on the coronet by Joseph Kessler, a Christmas reading by Doris Beach and a game.

The social hour was a party for Josephine and Orville Dountz celebrating their 50th Wedding Anniversary. The home ec committee of Evelyn Beavers, Norma Gochenour and Doris Brasket planned the reception and refreshments.

Williamsport Schedules Public Meet

Williamsport Council has scheduled a public meeting to help determine public sentiment to application for Community Development Act of 1977 Funds.

The meeting will be 7:30 p.m., Thursday, Dec. 16, at the American Legion Hall in Williamsport.

Citizen input is needed to help council members put the federal monies to the best possible use. Another public meeting will be called to make the final selection.

In other business at the regular Monday meeting of council, members asked Clerk George Ann Puffinbarger to obtain estimates from private firms for the re-codification of village ordinances.

Council agreed to install a street light in the alley between the American Legion Hall and Fire Department, and to renew the subscription to "Fire Chief" magazine for Chief Carl Morrison.

Mayor Paul Long presided over the meeting, which was attended by councilmen Harman Lemming, Robert Metzger, Gene Smith, and Lonzie Rigbsy.

The next meeting will be 7 p.m. Jan. 3.

Ohio Averages Colder Days

COLUMBUS, Ohio (AP) — State Energy Director Robert Ryan says Ohio has averaged 42 per cent colder days so far, compared to this time last year.

He told the Ohio Energy and Resources Development Agency on Monday that November for Columbus was the coldest since 1878 when records began.

Ryan predicted that gas companies would be forced to "curtail their (industrial) customers more drastically" if the cold weather continues.

"The shortfall of natural gas will not affect the residential sector due to the high priority of gas for those customers, however it will affect jobs," Ryan said.

taries of legislative aides.

In other action, the board:

—Released \$22,000 from emergency funds for operating costs of the legislative reference bureau, a bill drafting and research arm of the General Assembly.

—Authorized the transfer of \$73,161 by the adjutant general for various repair and maintenance projects at Camp Perry.

—Released \$211,432 for a laundry consolidation project at the Columbus State Institute.

—Permitted the mental health and mental retardation department to enter in contracts totaling \$100,200 for forensic psychiatry at Columbus State Institute, Dayton Mental Health Center, and Longview State Hospital in Cincinnati.

—Authorized natural resources department expenditure of \$80,057 for construction of a 2,080-square foot building at Blue Rock State Park in Muskingum County.

—Allowed the utilities commission to enter into contract for \$21,000 to employ A. Jack Vitullo as a Washington representative on utility and energy matters.

—Approved purchase by the Ohio Energy Resources and Development Agency of 10,000 energy conservation manuals, for distribution to the public, at a cost of \$12,750 which is being reimbursed by the federal government.

—The board authorized the state auditor's office and the Industrial Commission to enter jointly into a

\$50,000 contract with the accounting firm of Ernst & Ernst, Inc. for a previously announced fraud audit of the state's workmen's compensation system.

HAVE A BEDWETTER?

LET HIM HAVE A MERRY CHRISTMAS AND A DRY BED

The greatest gift you can give a bedwetter and the rest of the family, too, is an end to this serious problem, and make no mistake, bedwetting is serious. It can cause complicated psychological problems that last a lifetime. It's so needless because bedwetting, when not caused by organic defect or disease, can be ended. Ashville OKs Radar Lease

Ashville councilmen okayed a 90-day lease agreement that would give the police department a Model HR-8 hand radar unit, which can be used in both village police cruisers.

The action came during Monday's regular meeting of council.

Insurance for all village property and equipment was reviewed at the meeting with Frank Baum, village engineer, and Robert Newman of the Newman Insurance Agency. In most cases, insurance coverage was increased.

In other business, council prepared a new burning ordinance which will probably be passed under emergency legislation at the Dec. 20 meeting, and learned that the Board of Public Affairs meeting had been changed to Dec. 15 at 7:30 p.m. at the council house.

Mayor Max Cormany reported that fines and costs of \$745 had been collected at Mayor's Court during the period of Nov. 9 to Nov. 30.

Mayor Cormany presided at the meeting, which was attended by Councilmen Marvin Hicks, Richard Cook, Gary Throp, Nolo Gulick, Charles Morrison, and George Forquer, and clerk Raymond Lindsey.

The next meeting will be Monday, Dec. 20, at 7 p.m.

After adjournment, council met with South Bloomfield council members regarding federal grant monies applied for by South Bloomfield in conjunction with Ashville.

Billy Carter Loses Bid For Mayor

PLAINS, Ga. (AP) — Without Billy Carter as mayor, says Billy Carter, the little crossroads town of Plains "is going straight to hell."

Billy Carter lost Monday in his second bid to become mayor of this little but now famous village, and his brother, the President-elect of the United States, worried, "I think I cost him the election."

Brother Billy was beaten 90 to 71 in Monday's election, losing to A.L. Blanton, the incumbent mayor. Blanton also is an air traffic controller in nearby Albany and is Plains' part-time barber.

"People of Plains probably think they've got enough Carters winning elections," said the President-elect as he arrived at a win-or-lose beer party celebration. The win-or-lose celebration, which turned out to be a lose celebration, was held at Billy's service station, next to city hall where the votes were counted.

"We've got a state senator (Hugh Carter Sr.) and a president and I think that the folks just thought that a mayor on top of all that would be too much," Jimmy Carter said.

"I think it's tough to win with a brother who's president. I think I cost him the election. He would have made a great mayor."

Controlling Board Delays Welfare Action

COLUMBUS, Ohio (AP) — Ohio's controlling board isn't so sure it wants to rush a plan to comply with federal welfare regulations, even in the face of a threatened \$60 million loss in federal funds.

The seven-member board told welfare department officials Monday it wants to see the proposed regulation changes and asked them to return at the board's next meeting Dec. 20.

The decision stemmed in part from the testimony of Gerald E. Keller, a spokesman for the Academy of Nursing Homes in Cincinnati. He said the U.S. Department of Health, Education, and Welfare had approved regulations in Kentucky similar to those the Ohio department wants to adopt.

Last week, Clyde Downing of Chicago, a regional HEW commissioner, said Ohio could lose up to \$60 million because of new regulations for the state's nursing home reimbursement program, unless it modifies its regulations to meet HEW objections.

Downing said the objections center on provisions that give nursing home operators a profit allowance based on operating costs, instead of investment, as HEW wants. He also recommended changes in another regulation that fixes set, instead of flexible, amounts of reimbursements for property and equipment depreciation.

Keller, who said his group has a total of 3,300 Medicaid beds in the Cincinnati area, advised that they will send an attorney to Washington to try to get

Ohio's regulations approved within the next two weeks.

Unless the regulations allowing profit based on operating costs are allowed to stand, he said, "we're finished. We're out of business." He said it would be unfair to permit profit allowances based on equity of investments because they would "destroy" operators holding mortgages.

'Day Of Infamy'
Survivors Gather

HONOLULU (AP) — Many vivid memories, but few bitter thoughts, were expressed as survivors gathered to commemorate today's 35th anniversary of the Japanese attack on Pearl Harbor.

"You see guys who carry grudges, but most of us think that the enlisted men of Japan were doing their duty, same as we were," said George Slavens of Walnut Creek, Calif.

At 7:55 a.m. on Dec. 7, 1941, the first wave of Japanese bombers hit the U.S. naval base at Pearl Harbor, drawing the United States into World War II.

And at 7:55 a.m. today, memorial observances were to begin with the wail of a siren, calling shipyard workers to one minute of silent prayer.

About 2,500 survivors returned here for the ceremonies. There will be services at the National Memorial Cemetery of the Pacific, where more than 13,500 American veterans are buried; at Hickam Air Force Base; and at the Arizona Memorial, where 1,177 men went down with the USS Arizona in the greatest single catastrophe of the attack.

In remarks written for the ceremony at the cemetery, Hawaii Gov. George Ariyoshi said the courage, suffering and sacrifice of the attack victims should be remembered, but in addition "we must forget hatred. We must forget vengeance. We must forget malice and unjustified hostility."

"We must replace the bitterness of war's evil residue with the sweetness of what we in Hawaii call 'aloha.'"

Those who were at the harbor 35 years ago seemed to agree.

"There was some bitterness for a while, but I can't say there is any hard

feeling today," said Roland Krause of Honolulu, who was commanding the minesweeper Oglala. The ship was hit by a torpedo in the first minutes of the attack and slowly sank.

Olga Korbut Set
To Get Married

ST. LOUIS (AP) — Everybody's darling of the uneven parallel bars, Russian gymnast Olga Korbut, apparently is getting ready to settle down to married life.

Miss Korbut, 21, bought a wedding dress at a nearby J.C. Penney store over the weekend and indicated she would be married next year in Russia, said Edna Welch, the store's bridal consultant.

Asked whom she would marry, the gold medal winner in the 1972 Olympics, said only, "A boy."

Miss Korbut was in St. Louis to perform in an exhibition with other Soviet gymnasts.

The dress cost \$177. She also bought a \$55 fingertip veil and paid for the purchases with three \$100 bills, store employees said.

Mr. and Mrs. Paul Miller were last weekend guests of their son and daughter-in-law, Mr. and Mrs. Sam Miller in Dayton.

Due to the icy weather conditions last Wednesday, only 15 Senior Citizens made it to the meeting and covered dish dinner. They enjoyed singing Christmas carols and a guest, the Rev. Gause of Chillicothe sang, "How Great Thou Art." The group made a donation to the Salvation Army and food donations for baskets for needy families can be left at the Community Action, both by the Senior Citizens and the public.

Mrs. Foster Knisley of Bainbridge was a Thanksgiving Day visitor and overnight guest of her son and daughter-in-law, Mr. and Mrs. Harold Knisley. The Thanksgiving dinner was at the country cottage of Mrs. Knisley's parents, Mr. and Mrs. Lex Carper and other guests were Mr. and Mrs. Ted King, Miss Nancy King, Memphis, Tenn. and Rodney King, Chillicothe, Al Harmon, Mr. and Mrs. Dennis Zeigler and daughter Miss Sueanne Knisley and Mr. and Mrs. Charles Carper and children.

Mrs. Grace Herron entertained at dinner Sunday evening at her home on Ford Street, her brothers-in-law and sisters, Mr. and Mrs. George E. Armstrong of Adelphi, Mr. and Mrs. Wesley Jones and Mr. and Mrs. Milton Jones of Chillicothe.

Friends of Mrs. Dorothy Jackson will be glad to know that she is convalescing nicely at her home on High Street after under going major surgery three weeks ago in Doctor's Hospital-West in Columbus.

'Day Of Infamy' Survivors Gather

HONOLULU (AP) — Many vivid memories, but few bitter thoughts, were expressed as survivors gathered to commemorate today's 35th anniversary of the Japanese attack on Pearl Harbor.

"You see guys who carry grudges, but most of us think that the enlisted men of Japan were doing their duty, same as we were," said George Slavens of Walnut Creek, Calif.

At 7:55 a.m. on Dec. 7, 1941, the first wave of Japanese bombers hit the U.S. naval base at Pearl Harbor, drawing the United States into World War II.

And at 7:55 a.m. today, memorial observances were to begin with the wail of a siren, calling shipyard workers to one minute of silent prayer.

About 2,500 survivors returned here for the ceremonies. There will be services at the National Memorial Cemetery of the Pacific, where more than 13,500 American veterans are buried; at Hickam Air Force Base; and at the Arizona Memorial, where 1,177 men went down with the USS Arizona in the greatest single catastrophe of the attack.

In remarks written for the ceremony at the cemetery, Hawaii Gov. George Ariyoshi said the courage, suffering and sacrifice of the attack victims should be remembered, but in addition "we must forget hatred. We must forget malice and unjustified hostility."

"We must replace the bitterness of war's evil residue with the sweetness of what we in Hawaii call 'aloha.'"

Those who were at the harbor 35 years ago seemed to agree.

"There was some bitterness for a while, but I can't say there is any hard

feeling today," said Roland Krause of Honolulu, who was commanding the minesweeper Oglala. The ship was hit by a torpedo in the first minutes of the attack and slowly sank.

Olga Korbut Set To Get Married

ST. LOUIS (AP) — Everybody's darling of the uneven parallel bars, Russian gymnast Olga Korbut, apparently is getting ready to settle down to married life.

Miss Korbut, 21, bought a wedding dress at a nearby J.C. Penney store over the weekend and indicated she would be married next year in Russia, said Edna Welch, the store's bridal consultant.

Asked whom she would marry, the gold medal winner in the 1972 Olympics, said only, "A boy."

Miss Korbut was in St. Louis to perform in an exhibition with other Soviet gymnasts.

The dress cost \$177. She also bought a \$55 fingertip veil and paid for the purchases with three \$100 bills, store employees said.

Raiders Dump Bengals, 35-20

OAKLAND (AP) — Ken Stabler and the Oakland Raiders did their part, making believers and losers of the Cincinnati Bengals.

The rest is up to the Pittsburgh Steelers.

"It's getting close to playoff time, and we're inspired," Stabler said Monday night after his four touchdown passes, complemented by 228 yards from his running backs, carried the Raiders to a 35-20 National Football League victory over the Bengals.

There had been talk, some of it by the Steelers, that because the Raiders already were assured of a playoff berth, they would not be emotionally up for the Bengals.

"That talk was stupid last week and it's stupid now," said Raiders Coach John Madden. "This was a very meaningful game for us. We've been improving every week and we got a chance to measure our improvement against a top team."

The Steelers, defending Super Bowl champions, got the assist they so

Hoosiers Drop In Cage Ratings

By BARRY WILNER
AP Sports Writer

The Indiana Hoosiers lost for the first time in three regular seasons last week. As a result, the National Collegiate Athletic Association's defending basketball champions plummeted from fourth to 13th place today in The Associated Press rankings in balloting by a national panel of sports writers and broadcasters.

The Hoosiers dropped a 59-57 decision to Toledo, a loss which cost them more than 400 points in the balloting. Indiana also lost both of the first-place votes it had received last

Milwaukee Brewers In Player Deals

LOS ANGELES (AP) — The Milwaukee Brewers, who stood pat last year, aren't making the same mistake this time.

"You'll need a scorecard to identify our club," said Manager Alex Grammas Tuesday after the Brewers were involved in two key deals at baseball's winter meetings. Last season was Grammas' first as Milwaukee manager and the club finished last in the American League East with a 66-95 record, 32 games behind the first place New York Yankees.

The Brewers haven't had a winning club since the American League franchise was placed in Milwaukee in 1970. General Manager Jim Baumer took the first step toward changing that recently by signing veteran free agent third baseman Sal Bando, formerly of the Oakland A's.

On Tuesday, the Brewers acquired first baseman Cecil Cooper from the Boston Red Sox for first baseman George Scott and outfielder Bernie Carbo; and landed outfielder Jim Wohlford, infielder Jamie Quirk and a player to be named later from the Kansas City Royals for catcher Darrell Porter and pitcher Jim Colborn.

In another move, the Brewers picked up reserve catcher Larry Haney from the Oakland A's on waivers.

All told, six deals between major league clubs — all American — were completed Tuesday involving 14 players.

And the Philadelphia Phillies announced the signing of infielder Richie Hebner, one of their picks in the free

UD, Central State Win Cage Clashes

By THE ASSOCIATED PRESS

Five Ohio college basketball teams were in action Monday night, two of them against each other, with Dayton and Central State turning in the only victories.

Dayton slipped by Eastern Kentucky 76-69, while Central State rolled over Wilberforce 84-66.

Dayton handed the Colonels their second loss in three tries while winning its third victory in as many outings. Dayton led 44-28 at the half only to see its lead evaporate to 71-69 with 2:15 remaining.

The Flyers' Doug Harris hit on a clutch layup with 1:30 remaining and the Colonels could not muster another score.

Wittenberg bowed 90-75 to Central Michigan, led by sophomore forward Kevin Janer, starting his first game.

Four other Central Michigan players broke into double figures as it easily topped the defending NCAA Division III runners-up.

Freshman guard Brian Agler of Wittenberg topped all scorers with 23 points, 11 coming at the charity stripe. Seniors Greg Seay and Rick White scored 12 and 11 points respectively for the losers.

The Chippewas upped their record to 3-1, while Wittenberg dropped to 2-1.

Phil Loten scored 19 points in leading West Liberty, W.Va. to a 76-70 victory Steubenville. The win boosted West Liberty's season record to 3-2, while the Ohioans are 4-2. Jim Henderson and Bill Durring each had 14 points for the losers. West Liberty held a 34-30 edge at the half.

desperately needed. By winning, the Bengals would have been in position to clinch the American Football Conference Central title next weekend and deprive the Steelers of an opportunity to win a third consecutive NFL crown.

Now the Steelers, 9-4, are tied with Cincinnati and Cleveland for the division lead and can claim the playoff berth by beating Houston Saturday.

The Steelers and 52,430 Oakland Coliseum fans had plenty to cheer about in the Raiders' ninth consecutive victory, which made their record 12-1 and assured them of the home field advantage in all playoff games.

Stabler hit on 16 of 20 passes for 217 yards. His first two touchdown strikes went to tight end Dave Casper on plays covering 24 and three yards in the first period, sending Oakland into a 14-6 lead, and in the second half his scoring tosses went 42 yards to Cliff Branch and seven yards to Fred Biletnikoff.

"I don't think anyone could have beaten them tonight. They looked like Super Bowl winners to me," said

week.

Indiana's Big Ten rival, Michigan, remained atop the poll with 40 of 49 first-place votes and a total of 933 points. The Wolverines, 2-0, beat Fordham 78-57 in their only action during the week. The records include games through Sunday.

Runner-up to Michigan was Marquette, which garnered five first-place votes and 813 points. The Warriors won their opening game against St. Leo 80-39.

UCLA, 3-0, retained thirdplace with one No. 1 vote and 684 points after a 99-68 victory over Jacksonville, while

Kentucky, 2-0, moved up a notch to fourth with 556 points and one first-place vote. The Wildcats topped Texas Christian 103-53 in their only game.

Fifth-place Nevada-Las Vegas collected 483 points on the strength of a 3-0 start and victories last week over Oregon, 78-67, and Iowa State, 115-80.

Rounding out the Top 10 were No. 6 San Francisco with 385 points and one first-place vote; seventh-ranked Notre Dame, 360 points; eighth-rated Cincinnati, with 300 points and one No. 1 vote; and No. 9 Arizona, whose 283 points edged No. 10 Alabama by one point.

Wake Forest, unranked in preseason balloting, continued its advance in the Top 20. The Deacons moved from 14th in last week's poll to No. 11, one spot ahead of Atlantic Coast Conference rival North Carolina. Another ACC team, Clemson, finished 16th in the voting.

Louisville almost equalled Indiana's fall in the poll, dropping from seventh to 14th after losing at home to Syracuse. Syracuse was ranked No. 20. Tennessee kept its No. 15 ranking, while No. 17 Maryland, 18th-rated Southern Illinois and No. 19 DePaul completed the Top 20.

Wolverines Rip Vanderbilt

By THE ASSOCIATED PRESS

"We didn't expect to win like that," Coach Johnny Orr said of his top-rated Michigan Wolverines, "We would have been happy just to get out of here with a victory."

Michigan, employing a highpowered running offense, crushed Vanderbilt 97-76 Monday night as guard Rickey Green scored 29 points and Phil Hubbard added 21.

The Wolverines shot 76 percent from the floor in the second half, while hitting on 22 of 29 field goal attempts. Now 2-0, the Wolverines hit 64.9 percent from the field for the game.

"That's as well as we have run this year—probably the best we've played all year," said Orr.

While the Wolverines were off and running, fourth-ranked and defending NCAA champion Indiana continued to stumble.

Kentucky, rated No. 5, dealt the Hoosiers, now 1-2, their second straight defeat 66-51. It was first home loss for Indiana in three years and marked the first time in four years the defending Big Ten champs have lost two games in a row.

McAdoo Eyes Knicks Slot

NEW YORK (AP) — Bob McAdoo, the National Basketball Association scoring champion for each of the past three seasons, was expected to become a member of the New York Knicks today in a \$6 million deal.

The Associated Press has learned that the scoring star of the Buffalo Braves would come to the Knicks for \$2.5 million in cash and forward John Gianelli. The Knicks are giving McAdoo a five-year contract for \$500,000 per year and will pick up the \$1 million in deferred payments that Buffalo owes him, starting in 1988.

In acquiring the 6-foot-10 McAdoo, the Knicks, in the end, outbid the Seattle SuperSonics, who had offered the Braves forward Leonard Gray, 7-2 center Tom Burleson and \$2.0 million.

"Actually, the whole thing hinged on working out a deal with McAdoo," said a Seattle source close to the negotiations. "It was a tough deal. And as far as I know, McAdoo has not chosen Seattle. We have been unable to make a deal with him."

He said that New York, Seattle and Buffalo actually had been in the running to sign the high-scoring center-forward.

McDowell Cagers Split Tilts With Berne Union

McDowell's seventh and eighth grade cagers split a pair of contests with visiting Berne Union Monday with the seventh graders losing a 23-18 decision and the eighth graders gaining a 45-33 win.

The seventh graders of McDowell led 6-4 at the end of the first quarter, were tied 8-8 at halftime but fell behind 17-12 at the third period buzzer.

Todd Pontius led the Braves with 10 points, Jeff Hardin netted six and David Hoffman tallied two. Baer hooped 12 for the Rockets.

The McDowell eighth graders led all the way, 10-8, 18-16, 26-22 and 45-33. It was a tight contest for the first three periods before the Braves broke the game open in the final canto.

Jay Thomas was the big gun for McDowell with 17 points, Bryan Hupp tallied 13, Kerry Hardman netted seven, Willie Thompson added six and Tim Collins had two. Barnhart had 14 for Berne Union and Schneider added 13.

McDowell's seventh graders are now 1-2 overall and 0-2 in the Mid State League while three eight graders are 2-1 for the season and 2-0 in league play. Both teams will be in action beginning 4:30 p.m. Thursday when they travel to Fairfield Union.

Bengals cornerback Ken Riley, who had Branch well covered on Stabler's third touchdown pass but came up empty handed.

"I caught that one off the top of his helmet," said Branch, who tormented the Bengals' defense with six catches for 112 yards and increased his season totals to 11 touchdown catches and 1,106 yards.

Stabler, with 27 touchdown passes, is enjoying his finest NFL season.

"I just didn't believe they could move the football with the consistency they did," said Cincinnati Coach Bill Johnson. "Stabler is without a doubt the best quarterback in football."

The Bengals' Ken Anderson passed for 281 yards, with 201 of them coming on nine passes to John McDaniel who had not caught a pass all season.

"But we made the mistakes; the Raiders didn't," said the Cincinnati quarterback, who was intercepted three times.

Tiger Frosh Lose To Trace, 45-40

A cold shooting performance from the floor, 28 per cent, was too much for the Circleville freshman team to overcome as the Tigers dropped a 45-40 decision to Miami Trace on the Panthers' court Monday.

Circleville trailed 10-8 at the end of the first period, managed to knot the count at 20-20 at the end of two quarters but trailed 32-24 at the conclusion of the third canto.

Mark Morrison and Anthony Smith both tallied 14 points to pace the Tigers, Danny Martin netted eight while Mike Harrison added four. J. Forrest hooped 15 for Trace and B. Knisley added 12.

The Tigers are now 1-1 for the season and will host Wilmington 4:30 p.m. Thursday.

Vikings Rip Grandview In Metro Tilt

Perri Martin scored 19 points and ripped down 16 rebounds to pace the Teays Valley Vikings of Coach Angie Rinehart to a 58-41 Metro League win over host Grandview Monday night.

The win is the second in as many games for TV, and puts them in the lead in the Metro League title chase.

Deb Baxter hit for 16 points, Rita Slone scored 11, and Suzie Jones had 9.

Jones also pulled down 13 rebounds, Slone had 9, and Shelly Marion had 8 to pace the 56 rebound total compiled by Teays Valley.

TV jumped on top 20-6 after the first period and extended their margin to 34-11 at the half. The Vikes led 48-27 after three periods.

Teays Valley will host Marysville in a key Metro contest Thursday with two top players listed as doubtful starters.

Tammy Smoot, the play-making guard, was lost in the Vikes opening win due to an ankle injury, and Miss Jones injured her ankle last night.

The Vikes reserves fell 22-15 to the Bobcats in the preliminary contest.

Grandview opened an 8-2 lead after the first quarter, but the Vikes rallied to close the margin to 9-6 at the half before the Bobcats put the game out of reach with 13 second-half points.

Vickie Crumley paced TV with six points and four rebounds. Nancy Kraft had four points and nine rebounds.

The reserves will open Thursday's battle against Marysville in the 5:30 p.m. preliminary game.

TV 7th, 8th Grade Cagers Split Twinbill

The Teays Valley seventh grade basketball team lost to Hamilton Twp., 26-19, while the eighth grade team won, 56-24, on the Rangers' floor Monday.

The Viking seventh graders have a 1-2 record for the year. In yesterday's tilt, Mike Moss and Eric Rickard scored four each, Steve Toole, Frankie Welsh and Robert Copley three each and John Cook two.

The eighth graders boosted their record to three wins and no losses.

Bill Neal paced the winners with a 15 point effort, Joe Chandler notched nine, Scott Ford eight, Rusty Sturgell six, Perry Parson five, Pat Roese and Mike Roberts four, Allen Nutter and Bob Nance two and Chuck Forte one.

The little Vikings play at home Dec. 14 with the first game starting at 6:30 p.m. The eighth grade will play Pickerington and the seventh grade Grove City.

Logan Elm Frosh Top Berne Union

Logan Elm's freshman team led all the way as the Braves topped Berne Union, 43-26, on the Rockets' court Monday.

The Braves led 10-7 at the end of the first quarter, opened the gap to 20-9 at halftime and held a 35-18 margin at the third period buzzer.

Leading the Braves attack was Chris Hildenbrand with 12 points, Beeman Leasure added 10, Mel Martin netted seven, Phil Evans, Rookie Calton and Bill Archer each tallied four while Tim Allen hooped two.

The Braves are now 2-1 for the season and 2-0 in Mid State League play and will host Fairfield Union 5 p.m. Thursday.

The USGA women's amateur public links championship will be played next June 29-July 3 at the Yahara Hills course in Madison, Wis.

Kentucky Wildcats Dump Indiana, 66-51

BLOOMINGTON, Ind. (AP) — Bobby Knight, who prides himself on being right, was wrong when he figured his Indiana basketball team could defeat Kentucky by stopping the Wildcats' big men.

The Hoosiers limited Rick Robey and Mike Phillips, a pair of 6-foot-10 giants, to a total of six points Monday night. But Kentucky guards Jay Shidler and Larry Johnson combined for 40 and the fourth-rated Wildcats routed No. 13 Indiana 66-51.

"Our idea, to start with, was to take away Kentucky's inside game," Knight said. "We did that, but Shidler hit some big baskets for them in the first half."

The 6-1 freshman guard, who said he "hit a few and got loose," connected on two long jumpers to send Kentucky into a 4-2 lead and the Wildcats moved out from there. Shidler finished with 20 points, the same as Johnson.

The Wildcats achieved a 38-21 halftime advantage and leads of no less than 13 points the remainder of the contest.

All-American center Kent Benson led the defending NCAA champions with 21 points. But his teammates were unable to deal with a variety of Kentucky defenses and the Hoosiers suffered their second loss in three games and their first at home since 1973. Kentucky is now 3-0.

Elsewhere Monday night, top-ranked Michigan routed Vanderbilt 97-76; No. 2 Marquette rolled over Western Michigan 78-53; No. 6 San Francisco defeated Houston 100-85; No. 12 North

Viking Freshmen Down Grandview

After trailing, 8-6, at the end of the first quarter, Teays Valley's freshman cagers pulled ahead to take a 35-26 decision over visiting Grandview Monday.

The Vikings took a 15-13 lead at halftime and led 25-20 at the third period buzzer.

R. D. Roese held the hot-hand for the Vikings with 17 points, Shawn Blue tallied nine, Bill Pettibone netted three, Dean Brown and Scott Bartholomew each netted two while Dave Myers and Doug Moss both had one. Bill Johns led Grandview with eight points.

Teays Valley is now 2-0 and will be at Marysville 5 p.m. Thursday.

OAKLAND (AP) — Ken Stabler and the Oakland Raiders did their part, making believers and losers of the Cincinnati Bengals.

The rest is up to the Pittsburgh Steelers.

"It's getting close to playoff time, and we're inspired," Stabler said Monday night after his four touchdown passes, complemented by 228 yards from his running backs, carried the Raiders to a 35-20 National Football League victory over the Bengals.

There had been talk, some of it by the Steelers, that because the Raiders already were assured of a playoff berth, they would not be emotionally up for the Bengals.

"That talk was stupid last week and it's stupid now," said Raiders Coach John Madden. "This was a very meaningful game for us. We've been improving every week and we got a chance to measure our improvement against a top team."

The Steelers, defending Super Bowl champions, got the assist they so

desperately needed. By winning, the Bengals would have been in position to clinch the American Football Conference Central title next weekend and deprive the Steelers of an opportunity to win a third consecutive NFL crown.

Now the Steelers, 9-4, are tied with Cincinnati and Cleveland for the division lead and can claim the playoff berth by beating Houston Saturday.

The Steelers and 52,430 Oakland Coliseum fans had plenty to cheer about in the Raiders' ninth consecutive victory, which made their record 12-1 and assured them of the home field advantage in all playoff games.

Stabler hit on 16 of 20 passes for 217 yards. His first two touchdown strikes went to tight end Dave Casper on plays covering 24 and three yards in the first period, sending Oakland into a 14-6 lead, and in the second half his scoring tosses went 42 yards to Cliff Branch and seven yards to Fred Biletnikoff.

"I don't think anyone could have beaten them tonight. They looked like Super Bowl winners to me," said

Bengals cornerback Ken Riley, who had Branch well covered on Stabler's third touchdown pass but came up empty handed.

"I caught that one off the top of his helmet," said Branch, who tormented the Bengals' defense with six catches for 112 yards and increased his season totals to 11 touchdown catches and 1,106 yards.

Stabler, with 27 touchdown passes, is enjoying his finest NFL season.

"I just didn't believe they could move the football with the consistency they did," said Cincinnati Coach Bill Johnson. "Stabler is without a doubt the best quarterback in football."

The Bengals' Ken Anderson passed for 281 yards, with 201 of them coming on nine passes to John McDaniel who had not caught a pass all season.

"But we made the mistakes; the Raiders didn't," said the Cincinnati quarterback, who was intercepted three times.

Vikings Rip Grandview In Metro Tilt

Perri Martin scored 19 points and ripped down 16 rebounds to pace the Teays Valley Vikings of Coach Angie Rinehart to a 58-41 Metro League win over host Grandview Monday night.

The win is the second in as many games for TV, and puts them in the lead in the Metro League title chase.

Deb Baxter hit for 16 points, Rita Slone scored 11, and Suzie Jones had 9. Jones also pulled down 13 rebounds, Slone had 9, and Shelly Marion had 8 to pace the 56 rebound total compiled by Teays Valley.

TV jumped on top 20-6 after the first period and extended their margin to 34-11 at the half. The Vikes led 48-27 after three periods.

Teays Valley will host Marysville in a key Metro contest Thursday with two top players listed as doubtful starters.

Tammy Smoot, the play-making guard, was lost in the Vikes opening win due to an ankle injury, and Miss Jones injured her ankle last night.

The Vikes reserves fell 25-15 to the Bobcats in the preliminary contest.

Grandview opened an 8-2 lead after the first quarter, but the Vikes rallied to close the margin to 9-6 at the half before the Bobcats put the game out of reach with 13 second-half points.

Vickie Crumley paced TV with six points and four rebounds. Nancy Kraft had four points and nine rebounds.

The reserves will open Thursday's battle against Marysville in the 5:30 p.m. preliminary game.

Hoosiers Drop In Cage Ratings

By BARRY WILNER
AP Sports Writer

The Indiana Hoosiers lost for the first time in three regular seasons last week. As a result, the National Collegiate Athletic Association's defending basketball champions plummeted from fourth to 13th place today in The Associated Press rankings in balloting by a national panel of sports writers and broadcasters.

The Hoosiers dropped a 59-57 decision to Toledo, a loss which cost them more than 400 points in the balloting. Indiana also lost both of the first-place votes it had received last

week.

Indiana's Big Ten rival, Michigan, remained atop the poll with 40 of 49 first-place votes and a total of 933 points. The Wolverines, 2-0, beat Fordham 78-57 in their only action during the week. The records include games through Sunday.

Runner-up to Michigan was Marquette, which garnered five first-place votes and 813 points. The Warriors won their opening game against St. Leo 80-39.

UCLA, 3-0, retained thirdplace with one No. 1 vote and 684 points after a 99-68 victory over Jacksonville, while

Kentucky, 2-0, moved up a notch to fourth with 556 points and one first-place vote. The Wildcats topped Texas Christian 103-53 in their only game.

Fifth-place Nevada-Las Vegas collected 483 points on the strength of a 3-0 start and victories last week over Oregon, 78-67, and Iowa State, 115-80.

Rounding out the Top 10 were No. 6 San Francisco with 385 points and one first-place vote; seventh-ranked Notre Dame, 360 points; eighth-ranked Cincinnati, with 300 points and one No. 1 vote; and No. 9 Arizona, whose 283 points edged No. 10 Alabama by one point.

Wake Forest, unranked in preseason balloting, continued its advance in the Top 20. The Deacons moved from 14th in last week's poll to No. 11, one spot ahead of Atlantic Coast Conference rival North Carolina. Another ACC team, Clemson, finished 16th in the voting.

Louisville almost equalled Indiana's fall in the poll, dropping from seventh to 14th after losing at home to Syracuse. Syracuse was ranked No. 20. Tennessee kept its No. 15 ranking, while No. 17 Maryland, 18th-rated Southern Illinois and No. 19 DePaul completed the Top 20.

Milwaukee Brewers In Player Deals

LOS ANGELES (AP) — The Milwaukee Brewers, who stood pat last year, aren't making the same mistake this time.

"You'll need a scorecard to identify our club," said Manager Alex Grammas Tuesday after the Brewers were involved in two key deals at baseball's winter meetings. Last season was Grammas' first as Milwaukee manager and the club finished last in the American League East with a 66-95 record, 32 games behind the first-place New York Yankees.

The Brewers haven't had a winning club since the American League franchise was placed in Milwaukee in 1970. General Manager Jim Baumer took the first step toward changing that recently by signing veteran free agent third baseman Sal Bando, formerly of the Oakland A's.

On Tuesday, the Brewers acquired first baseman Cecil Cooper from the Boston Red Sox for first baseman George Scott and outfielder Bernie Carbo; and landed outfielder Jim Wohlford, infielder Jamie Quirk and a player to be named later from the Kansas City Royals for catcher Darrell Porter and pitcher Jim Colborn.

In another move, the Brewers picked up reserve catcher Larry Haney from the Oakland A's on waivers.

All told, six deals between major league clubs — all American — were completed Tuesday involving 14 players.

And the Philadelphia Phillies announced the signing of infielder Richie Hebner, one of their picks in the free

agent reentry draft. Hebner is the 19th free agent to sign since the season ended. The length and terms of the contract were not announced.

In another key deal, slugger Rico Carty returned to Cleveland, with the Indians sending infielder-outfielder John Lowenstein and rookie catcher Rick Cerone to the expansion Toronto Blue Jays.

Scott and Carbo will be returning to Boston, but Scott announced Monday night he expects a new long-term contract in return for accepting the trade. He has the right to veto the deal on the basis of being a 10-year player with five years on one club.

Wolverines Rip Vanderbilt

By THE ASSOCIATED PRESS

"We didn't expect to win like that," Coach Johnny Orr said of his top-rated Michigan Wolverines. "We would have been happy just to get out of here with a victory."

Michigan, employing a highpowered running offense, crushed Vanderbilt 97-76 Monday night as guard Rickey Green scored 29 points and Phil Hubbard added 21.

The Wolverines shot 76 percent from the floor in the second half, while hitting on 22 of 29 field goal attempts. Now 2-0, the Wolverines hit 64.9 percent from the field for the game.

"That's as well as we have run this year—probably the best we've played all year," said Orr.

While the Wolverines were off and running, fourth-ranked and defending NCAA champion Indiana continued to stumble.

Kentucky, rated No. 5, dealt the Hoosiers, now 1-2, their second straight defeat 66-51. It was first home loss for Indiana in three years and marked the first time in four years the defending Big Ten champs have lost two games in a row.

McDowell Cagers Split Tilts With Berne Union

McDowell's seventh and eighth grade cagers split a pair of contests with visiting Berne Union Monday with the seventh graders losing a 23-18 decision and the eighth graders gaining a 45-33 win.

The seventh graders of McDowell led 6-4 at the end of the first quarter, were tied 8-8 at halftime but fell behind 17-12 at the third period buzzer.

Todd Pontius led the Braves with 10 points, Jeff Hardin netted six and David Hoffman tallied two. Baer hooped 12 for the Rockets.

The McDowell eighth graders led all the way, 10-8, 18-16, 26-22 and 45-33. It was a tight contest for the first three periods before the Braves broke the game open in the final canto.

Jay Thomas was the big gun for McDowell with 17 points, Bryan Hupp tallied 13, Kerry Hardman netted seven, Willie Thompson added six and Tim Collins had two. Barnhart had 14 for Berne Union and Schneider added 13.

McDowell's seventh graders are now 1-2 overall and 0-2 in the Mid State League while three eight graders are 2-1 for the season and 2-0 in league play. Both teams will be in action beginning 4:30 p.m. Thursday when they travel to Fairfield Union.

McAdoo Eyes Knicks Slot

NEW YORK (AP) — Bob McAdoo, the National Basketball Association scoring champion for each of the past three seasons, was expected to become a member of the New York Knicks today in a \$6 million deal.

The Associated Press has learned that the scoring star of the Buffalo Braves would come to the Knicks for \$2.5 million in cash and forward John Gianelli. The Knicks are giving McAdoo a five-year contract for \$500,000 per year and will pick up the \$1 million in deferred payments that Buffalo owes him, starting in 1988.

In acquiring the 6-foot-10 McAdoo, the Knicks, in the end, outbid the Seattle SuperSonics, who had offered the Braves forward Leonard Gray, 7-2 center Tom Burleson and \$2.0 million.

"Actually, the whole thing hinged on working out a deal with McAdoo," said a Seattle source close to the negotiations. "It was a tough deal. And as far as I know, McAdoo has not chosen Seattle. We have been unable to make a deal with him."

He said that New York, Seattle and Buffalo actually had been in the running to sign the high-scoring center-forward.

Tiger Frosh Lose To Trace, 45-40

A cold shooting performance from the floor, 28 per cent, was too much for the Circleville freshman team to overcome as the Tigers dropped a 45-40 decision to Miami Trace on the Panthers' court Monday.

Circleville trailed 10-8 at the end of the first period, managed to knot the count at 20-20 at the end of two quarters but trailed 32-24 at the conclusion of the third canto.

Mark Morrison and Anthony Smith both tallied 14 points to pace the Tigers, Danny Martin netted eight while Mike Harrison added four. J. Forrest hooped 15 for Trace and B. Knisley added 12.

The Tigers are now 1-1 for the season and will host Wilmington 4:30 p.m. Thursday.

Kentucky Wildcats Dump Indiana, 66-51

BLOOMINGTON, Ind. (AP) — Bobby Knight, who prides himself on being right, was wrong when he figured his Indiana basketball team could defeat Kentucky by stopping the Wildcats' big men.

The Hoosiers limited Rick Robey and Mike Phillips, a pair of 6-foot-10 giants, to a total of six points Monday night. But Kentucky guards Jay Shidler and Larry Johnson combined for 40 and the fourth-rated Wildcats routed No. 13 Indiana 66-51.

"Our idea, to start with, was to take away Kentucky's inside game," Knight said. "We did that, but Shidler hit some big baskets for them in the first half."

The 6-1 freshman guard, who said he "hit a few and got loose," connected on two long jumpers to send Kentucky into a 4-2 lead and the Wildcats moved out from there. Shidler finished with 20 points, the same as Johnson.

The Wildcats achieved a 38-21 halftime advantage and leads of no less than 13 points the remainder of the contest.

All-American center Kent Benson led the defending NCAA champions with 21 points. But his teammates were unable to deal with a variety of Kentucky defenses and the Hoosiers suffered their second loss in three games and their first at home since 1973. Kentucky is now 3-0.

Elsewhere Monday night, topranked Michigan routed Vanderbilt 97-76; No. 2 Marquette rolled over Western Michigan 78-53; No. 6 San Francisco defeated Houston 100-85; No. 12 North

Carolina crushed Michigan State 81-58, No. 14 Louisville trounced Virginia Commonwealth 89-60 and 18th-ranked Southern Illinois edged past Northeast Oklahoma 63-61.

Viking Freshmen Down Grandview

After trailing, 8-6, at the end of the first quarter, Teays Valley's freshman cagers pulled ahead to take a 35-26 decision over visiting Grandview Monday.

The Vikings took a 15-13 lead at halftime and led 25-20 at the third period buzzer.

R. D. Roese held the hot-hand for the Vikings with 17 points, Shawn Blue tallied nine, Bill Pettibone netted three, Dean Brown and Scott Bartholomew each netted two while Dave Myers and Doug Moss both had one. Bill Johns led Grandview with eight points.

Teays Valley is now 2-0 and will be at Marysville 5 p.m. Thursday.

Rico Carty Back With Indians

LOS ANGELES (AP) — Rico Carty was a Toronto Blue Jay for 31 days, but it's like he never left the Cleveland Indians.

The 36-year-old slugger was reacquired from the expansion club Monday in exchange for catcher Rick Cerone and utility man John Lowenstein.

"Mr. (Phil) Seghi must love me," said a jubilant Carty, reached by telephone at his Dominican Republic home. "Why else would he save me twice?"

Carty, the oldest player drafted in the Major League expansion draft Nov. 5, was referring to the Cleveland general manager's decision to bring Carty back to the majors in 1974, when Carty was playing in the Mexican League. No other teams expressed any interest in him.

Tom Seaver of the Mets won his first major league game, a 6-1 decision over the Chicago Cubs, on April 20, 1967. He went seven and one-third innings.

FUTURE SHOCK!!!

If you had bought a defense bond for \$18.75 during World War II and redeemed it for its face value of \$25 ten years later, you would have lost money on your investment. Why? Because the \$25 would have been worth less than the \$18.75 was 10 years earlier. That's inflation and its pace has quickened since 1945.

What would happen if the cost of living increased six per cent a year compounded? (Low by today's standards). A home that cost \$35,000 now would cost \$112,250 in 20 years and almost unbelievable \$201,022 in 30 years.

What does all this mean? Whatever your age, you must find a way to create an income in

FUTURE SHOCK!!!

If you had bought a defense bond for \$18.75 during World War II and redeemed it for its face value of \$25 ten years later, you would have lost money on your investment. Why? Because the \$25 would have been worth less than the \$18.75 was 10 years earlier. That's inflation and its pace has quickened since 1945.

What would happen if the cost of living increased six per cent a year compounded? (Low by today's standards). A home that cost \$35,000 now would cost \$112,250 in 20 years and almost unbelievable \$201,022 in 30 years.

What does all this mean? Whatever your age, you must find a way to create an income in

addition to your pay check. Although there is no such thing as the perfect investment, real estate may be the nearest thing to it. It can be an income producer, a shelter from high taxes, and an ideal protection from the ravages of inflation. Real estate values historically increase faster than general inflation prices and maintain a higher value than most assets in depression. The ideal hedge.

Thinking of selling your home? It makes sense to list where you get special service — Speakman Realty — 129 1/2 W. Main St. Telephone: 474-2898 — Free Appraisals with no obligation. We're here to help!

Your Views On Tiger

By FRANCIS DRAKE

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

FOR WEDNESDAY
ARIES (Mar. 21 to Apr. 20): Your imagination highly stimulated and, while you may not capitalize on new ideas immediately, they should be highly productive in the future.

TAURUS (Apr. 21 to May 21): Your judgment vindicated. A message from someone "in the know" will confirm your own beliefs and your consequent decisions.

GEMINI (May 22 to June 21): Sometimes your own impulsiveness gets you into trouble, but some spur-of-the-moment activities launched now could have surprisingly good results.

CANCER (June 22 to July 23): Certain family members may seem to be rather demanding, expecting too much of you. Be as cooperative as you can. They may be under some unknown stress.

LEO (July 24 to Aug. 23): Persistence will be the key to advancing your personal interests. Keep trying and friends will rally 'round and give their support.

VIRGO (Aug. 24 to Sept. 23): Be especially cooperative with associates. Good teamwork will produce better results than lone-wolf action.

LIBRA (Sept. 24 to Oct. 23): Work constructively, but insert a novel twist into routine to relieve monotony and make it more pleasing. You may renew an old friendship.

SCORPIO (Oct. 24 to Nov. 22): Plan your schedule early and only deviate where a better arrangement is presented or discovered. Apply brakes sensibly in pleasures, risky activities.

SAGITTARIUS (Nov. 23 to Dec. 21): Do not go overboard in your enthusiasms. Look well before you invest time, talents, money. But neither be so fearful that you miss advantages and pass over good buys.

CAPRICORN (Dec. 22 to Jan. 20): If you do not notice "small" errors and where you miss chances for "little" gains, you will probably not see the big ones. Be alert.

AQUARIUS (Jan. 21 to Feb. 19): You may have to deal with some "odd" or unreasonable persons. Be tactful if you would learn how to "communicate" and solve differences.

PISCES (Feb. 20 to Mar. 20): Read Aquarius. Your outlook similar. Seek to know all you can about those with whom you deal, their feelings on various subjects, and express yourself precisely but considerately.

YOU BORN TODAY are endowed with a fine intellect, excellent foresight and extraordinarily good judgment. You have a head for finances and could make an excellent success in the business world, as an investment broker or as top executive in any large corporation. You have a gift for words and, because you can listen, too, would make an excellent diplomat, statesman or journalist. Other fields which would make excellent outlets for your talents: writing, music, painting. Birthdate of: Horace, Roman Poet; Christina, 17th Queen of Sweden; Jan Sibelius, renowned Finnish composer; Hervey Allen, author.

In Lexington, Ky., the only home ever owned by the Confederate Gen. Stonewall Jackson, is now a national shrine.

LOS ANGELES (AP) — On Wednesday afternoon, four CBS soap opera stars are forsaking tears for tunes in a musical special CBS calls "After Hours: From Janice, John, Mary and Michael, with Love."

What a title. It runs almost as long as the show, which stars Janice Lynde and John McCook of "The Young and the Restless," and Michael Nouri and Mary Stuart of "Search for Tomorrow."

The idea of the opus, which may lead to a series of similar specials with other CBS daytime stars, is to give the performers a chance to show they can do more than look grim between commercials.

This is a fine idea, as many numbers in soap operadom have legitimate stage backgrounds, have appeared in stage musicales and can sing and do a bit of hoofing when the occasion demands.

Alas, in Wednesday's "After Hours" the ladies and gents, respectively decked out in evening towns and tuxedos, don't often rise to the occasion. They are competent, but not very rousing.

True, they commence on a promising note — make that notes — when they open the show by doing a tune in four-part harmony. They sound a bit like the Modernaires of radio days, a very good crew indeed.

It hints of nifty musical things to come. But after solo turns in which McCook, Nouri, Miss Lynde and Miss Stuart musically explain their backgrounds, a slide to dull begins.

It doesn't halt when they pause for a question session with a friendly audience. The questions concern Nouri's age, what prompted Miss Lynde to be an actress, whether McCook's life is akin to that of the character he plays, and how long Miss Stuart — a star of her soap opera ever since it began in 1951 — has been in show biz.

Later, Miss Lynde, an attractive brunette, has a go at "Silly Love Songs." McCook, tall, dark and possessed of a matinee-idol profile, plays piano and sings "I Write the Songs," backed by a full orchestra.

Each effort is technically proficient, each shows the result of long hours of vocal training, but neither contains the spark that distinguishes. They also move about later in a disco version of George M. Cohan's "Yankee Doodle Dandy." It is flashy, but were Mr. Cohan with us today, I fear he'd turn over in his booth at Sardi's.

CBS deserves a cheer for trying something new. But this show tries to be Broadway and winds up looking like a glossy Second Avenue bistro where the house tune is "They Call the Wind Maria."

Stitch In Time

WASHINGTON (AP) — The Road Information Program (TRIP) says \$84 billion could be saved by resurfacing 447,000 miles of badly worn roads and streets right away. The cost would be \$24 billion.

Failure to resurface the roads within four years means they will deteriorate so much that complete reconstruction will be necessary — at a cost of \$108 billion, says TRIP.

Knoxville Road was one of the first turnpikes built in the United States (1791-95), linking the Wilderness road to Cumberland settlements in Tennessee.

SAINT NICHOLAS — St. Philip's Episcopal Church celebrated an Advent Event on Sunday morning. During the morning service an explanation of Advent, the advent wreath, calendar, the jesse tree and St. Nicholas were given by Sue Smith, Shannon Yunker, Julia Yunker and Ann Titus. After the dedication of the jesse tree by Ann Grubisha, Director of Christian Education, the symbols of the Old Testament, made by children of

the church school classes, were hung on the tree. Saint Nicholas, a bishop in Asia Minor around 300 A.D., was portrayed by George Sauer who had a gold purse filled with gold candy coins to give to the children just as Saint Nicholas had done for the poor and hungry people in the past. This showed the spirit of giving of St. Nicholas to this day. A carry-in dinner and social time followed the tree dedication and decoration.

LE Board Accepts Resignations

The Logan Elm School District Board of Education Monday accepted the resignations of a custodial aide and a busdriver.

Employed to fill the vacancies created by the resignations were Betty Wright as the aide and Sue McNicholas, busdriver. In addition, the board employed two additional substitute bus drivers.

The board voted to renew its membership in the Ohio School Board Association for 1977, but voted against sending a representative to the National School Boards Assn. convention.

A resolution was adopted to share the services of a speech and hearing consultant with adjoining school districts in Pickaway and Fairfield Counties.

Permission was granted for an independent basketball team to use the Laurelville gymnasium on a rental basis.

The attendance of coaches and administrators at the Mid State Athletic League meeting was approved with the expenses to be paid from the high school athletic funds.

Fox Nursing Home requested permission to install a water line from the street across school property in the

village of Laurelville.

Jewell Hinton, lunchroom manager for the district, was granted permission to run for office of district director for central Ohio in the State School Food Service Assn.

All elementary principals were granted permission to attend the Ohio Assn. of Elementary School Principals Conference to be held at Veterans Memorial, Columbus, Feb. 10-12.

A bid was accepted from Acme Awning Co. to construct covered walkways between the main buildings and pre-engineered classrooms at Washington Elementary School, McDowell School and Logan Elm High School.

Severance pay was granted to three retiring employees—Hazel Williams, secretary; Bob Young, busdriver; Merrill Karshner, busdriver.

Superintendent John Henn reported the Ohio High School Athletic Assn. has granted permission for a non staff member to assist in the girls basketball program. Minutes of the elementary curriculum council and of the Mid State League were reviewed by board members.

Henn reported on the allocation of Title IV funds and the revised budget for Title I.

The final report on speech, language

and hearing therapy was given.

The next board meeting will be Tuesday, Jan. 4, 1977. Present at Monday's meeting of the Logan Elm board were Henn, Don Bower, Virginia Wood, Roger Hobbie, Frank Seimer, Robert Bowers.

Liquor Issues Contested In Common Pleas

A suit was filed in Pickaway County Common Pleas Court Friday contesting the issues on the Nov. 2 General Election concerning local liquor options for Pickaway Twp.

The suit, filed by Joseph E. and Mabel H. Goeller, and others, alleges that defendants, William A. Stout, chairman of the Board of Elections, and other board members, placed the issues on the ballot with many specified errors.

Plaintiffs further allege that "the election was not conducted in a fair and impartial manner to determine the true results on said local option issues."

In the second claim plaintiffs ask for a judgement declaring the election to be null and void and for a restraining order and other relief.

The four questions on the ballot that are contested in the suit deal with the sale of liquor authorized for off premise consumption, on-premise consumption, sale of spirituous liquors by the glass and the sale of liquor by the package from the state liquor stores in Pickaway Twp.

Plaintiffs contest that the conduct of the election was "improper, unlawful and irregular." Seven complaints were listed. They included: officials were not legally authorized to submit said questions to the electors, that separate ballots were not used, that the full text was not easily accessible to the voters, but issues were only described by brief titles. These were in violation of specified sections of the Ohio Revised Code.

Common Pleas Court Judge William Ammer has scheduled a hearing for this election contest on Dec. 22, 11 a.m.

A recount by request had the following results. Question A, yes-247 no-269; question B, yes-251 no-276, question C, yes-262 no-287; question D, yes-248 no-287.

Harden's Awarded Bid For Fire Department Van

Harden's Chevrolet, Inc., has been specified as the low bidder on the 1977 equipment van for the Circleville Fire Department, according to Fire Chief Mike Brown.

Harden's low bid was \$4787.18 for the vehicle, and the fire department listed the following specifications: a 125 inch wheel base; a one passenger seat; a 318 cubic inch V-8 engine; automatic transmission; power steering and power brakes; four-ply tires; a heavy duty alternator; a heavy duty battery; a 20 gallon fuel tank; front and rear chrome bumpers; large chrome wheel covers; a parking brake; a sliding side door; two dome lights with door switches; a spare tire; a heavy duty radiator; oil, amp, and temperature gauges; stabilizer bars; two large rear view mirrors; and bright red in color. The van should be delivered in six weeks.

According to Brown, the van will be used to transport the department's equipment that is not carried on other fire trucks. Items such as saws, portable pumps and generators, and the

department's Cascade Air System will be stored in the van, and it will be taken to the scene of an emergency if it is needed.

SAINT NICHOLAS — St. Philip's Episcopal Church celebrated an Advent Event on Sunday morning. During the morning service an explanation of Advent, the advent wreath, calendar, the jesse tree and St. Nicholas were given by Sue Smith, Shannon Yunker, Julia Yunker and Ann Titus. After the dedication of the jesse tree by Ann Grubisha, Director of Christian Education, the symbols of the Old Testament, made by children of

the church school classes, were hung on the tree. Saint Nicholas, a bishop in Asia Minor around 300 A.D., was portrayed by George Sauer who had a gold purse filled with gold candy coins to give to the children just as Saint Nicholas had done for the poor and hungry people in the past. This showed the spirit of giving of St. Nicholas to this day. A carry-in dinner and social time followed the tree dedication and decoration.

LE Board Accepts Resignations

The Logan Elm School District Board of Education Monday accepted the resignations of a custodial aide and a busdriver.

Employed to fill the vacancies created by the resignations were Betty Wright as the aide and Sue McNicholas, busdriver. In addition, the board employed two additional substitute bus drivers.

The board voted to renew its membership in the Ohio School Board Association for 1977, but voted against sending a representative to the National School Boards Assn. convention.

A resolution was adopted to share the services of a speech and hearing consultant with adjoining school districts in Pickaway and Fairfield Counties.

Permission was granted for an independent basketball team to use the Laurelville gymnasium on a rental basis.

The attendance of coaches and administrators at the Mid State Athletic League meeting was approved with the expenses to be paid from the high school athletic funds.

Fox Nursing Home requested permission to install a water line from the street across school property in the

village of Laurelville.

Jewell Hinton, lunchroom manager for the district, was granted permission to run for office of district director for central Ohio in the State School Food Service Assn.

All elementary principals were granted permission to attend the Ohio Assn. of Elementary School Principals Conference to be held at Veterans Memorial, Columbus, Feb. 10-12.

A bid was accepted from Acme Awning Co. to construct covered walkways between the main buildings and pre-engineered classrooms at Washington Elementary School, McDowell School and Logan Elm High School.

Severance pay was granted to three retiring employees—Hazel Williams, secretary; Bob Young, busdriver; Merrill Karshner, busdriver.

Superintendent John Henn reported the Ohio High School Athletic Assn. has granted permission for a non staff member to assist in the girls basketball program. Minutes of the elementary curriculum council and of the Mid State League were reviewed by board members.

Henn reported on the allocation of Title IV funds and the revised budget for Title I.

The final report on speech, language

and hearing therapy was given.

The next board meeting will be Tuesday, Jan. 4, 1977. Present at Monday's meeting of the Logan Elm board were Henn, Don Bower, Virginia Wood, Roger Hobbie, Frank Seimer, Robert Bowers.

Liquor Issues Contested In Common Pleas

A suit was filed in Pickaway County Common Pleas Court Friday contesting the issues on the Nov. 2 General Election concerning local liquor options for Pickaway Twp.

The suit, filed by Joseph E. and Mabel H. Goeller, and others, alleges that defendants, William A. Stout, chairman of the Board of Elections, and other board members, placed the issues on the ballot with many specified errors.
